Greg,
Hey cutie!
How's it goin? Well,
I must say it's been fun
knowing you this year. (You are
a real sweetie — so stay that way.
Maybe we can get together over summer &
kick it at the beach or party or something!! Next
year, I hope we can be better friends. Take care of
yourself, babes, and don't be a stranger! 😊 792-7636

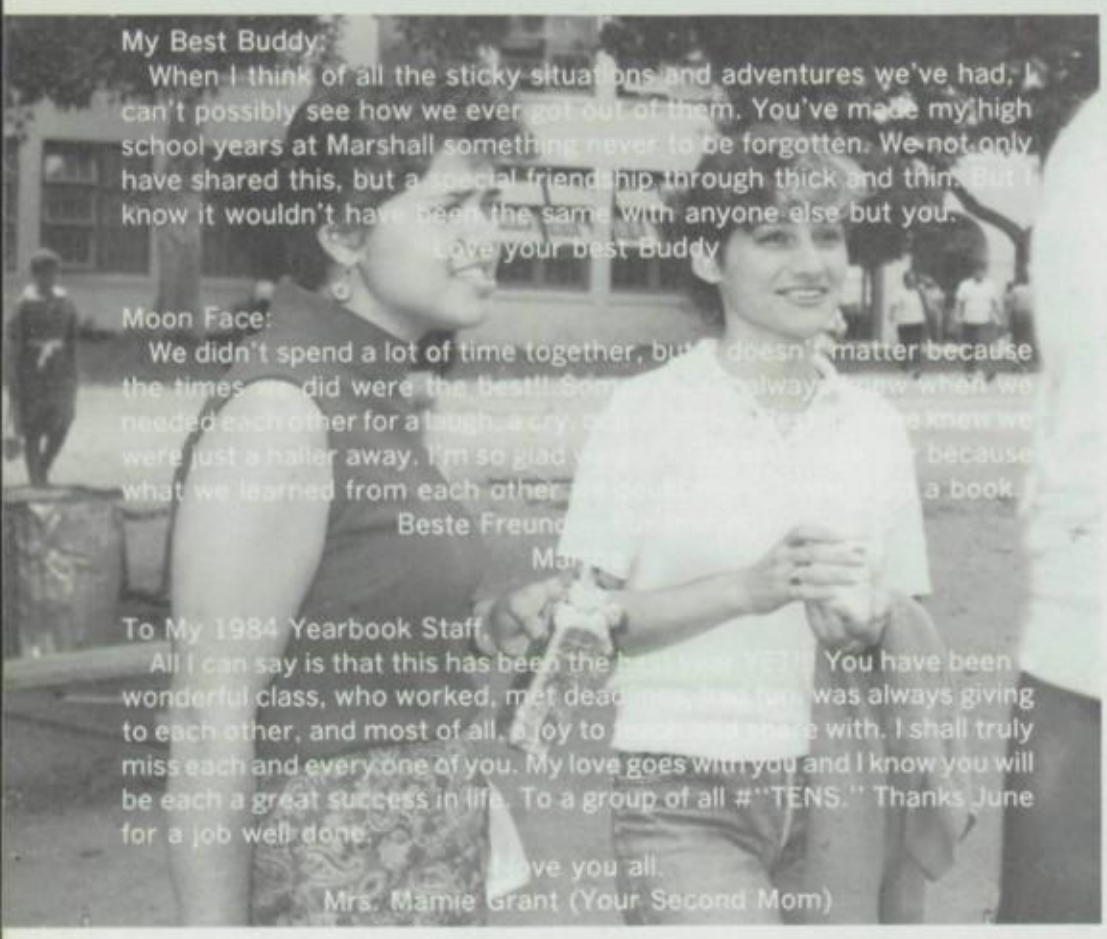
OF THE

PASADENA POLICE OFFICERS ASSOCIATION



My Best Buddy:
When I think of all the sticky situations and adventures we've had, I can't possibly see how we ever got out of them. You've made my high school years at Marshall something never to be forgotten. We not only have shared this, but a special friendship through thick and thin. But I know it wouldn't have been the same with anyone else but you.
Love your best Buddy

Moon Face:
We didn't spend a lot of time together, but it doesn't matter because the times we did were the best!! Some[illegible] always [illegible] when we needed each other for a laugh, a cry, [illegible] we knew we were just a holler away. I'm so glad [illegible] because what we learned from each other [illegible] a book.

To My 1984 Yearbook Staff,
All I can say is that this has been the h[illegible] You have been a wonderful class, who worked, met deadlines, and was always giving to each other, and most of all, a joy to [illegible] with. I shall truly miss each and every one of you. My love goes with you and I know you will be each a great success in life. To a group of all #"TENS." Thanks June for a job well done.
[illegible]ove you all.
Mrs. Mamie Grant (Your Second Mom)

Greg I know its only been a short while since we've known each other, but I happen to think you are a very sweet person. Good luck in the marquitos.

Kathy Malabo,
Congratulations, finally you finish high school. You have been a very nice sister to me, through all of the year, and you are fun to be with. Good luck in the future to you and Julius and I hope you both have a fantastic year.

Love, Donn Malabo

Kathy My Love,
Good luck in everything you do. Just reach for that rainbow and your dreams will come true. My love is here for you and always will be. I wish you success and happiness. But always remember, "I LOVE YOU"

Julius Valencia

Nora Mankerian,
We wish you success in everything you do. You we're always the one who got everything you wanted. Now, you have to go for it all the way and we are behind you 100%.

Love you always, Hutch & Mike

Nora Mankerian,
Congratulaions! to a very special daughter and we wish you the best of luck in the coming years.

Love always, Mom and Dad

To Tracy Meier,
We're sure glad that school is through, buying uniforms has made us blue.
You're going off to college and that's great, 'Cause there'll be no time for cheerleading at Utah State.
We'll help with tuition and go deep in debt, but you can pay us back when you're a wise, rich vet.

Love, Mom and Dad

Tracy Meier Franklin (busy)
Tracy thinks she's a senior woman! Stay away from diner owners at school. C-ya.

Doug (I always had to be body!)

Tracy,
We are going to miss you very much. Hope you have a great summer.

Love your sister Tricia

Tracy,
Since I've gotten to know you, your friendship has meant a lot to me. Good luck in anything you encounter in the future.

Love, Brian.

Tracy,
Utah is only 16 hours awayk,.an away, and no distance will ever keep us apart. You're my best buddy and I love you!!!!!!!

Anna

Delightful Doris Melkonian,
Hearty congratulations! You are our pride and joy and we praise God for you. We wish you a great future and God's richest blessings. We love you and we will support you all the way!

Your Loving Mom and Dad

Doris,
Thanks for paving the way through high school for me. I owe you so much and wouldn't have made it without you. You will always succeed because Jesus is your Lord. "Glory to God who is able to do far more than we would ever dare to ask or even dream of." Ephesians 3:20.
How proud I am to be your sister

Arda

Doris,
Congratulations and good luck to our charming babysitter. Thank you for your love, patience and dependability. You are our favorite senior and #1 baby sitter.

Love, Melissa, Rose, Jessica, Albert, and George.

My lovely niece Doris,
Congratulations to a very gifted and talented young lady who deserves the best in life. Your friendship, intelligence, love and charm have enriched me. You fill me with pride, joy, and love. May you experience all the joys of life. Follow God's will and success will surely follow you!

Betty Tantig

My Seventh Grandchild, Doris-Kathy
Warm congratulations on this happy ocasion. Your name truly describes you; Doris — full of virtue, and Kathy — pure in heart. You belong to Jesus. HE will guide and lead you according to His will.

Grandma Barkevouhie

Congratulations June!!
You have accomplished much during the first phase of your education. I know that you will be equally as successful during the second phase of your educational pursuits. I am so proud of you!!!!!!
Love and Supoort, Daddy

Dear June,
You've been a great friend as well as editor. You will never be forgotten.
Signed, a yearbook staff member experiencing withdrawal symptoms!!!!!

Congratulations Ania Orlowski,
We love you!!!!!
Mom, Dad, and Sis

Anna,
Well, Dear, we've been through a lot together these past few years. I wish you the best of luck in the future. And remember I love you very much!
Brian

Cathy Plunkett,
Congratulations on a job well done. Best of luck in all you try.
Dad and Miss D

Dear Khuloud,
It's been a tough struggle, but we've survived and came out the best. Our senior year was fantastic! Remember?! Congratulations.
Love, Doris

Dear Gloria Shahinian,
You have proven you can do it no matter how hard it gets. We are proud of you, and with you all the way. May the Lord bless you with love.
Mom and Dad

Dear Gloria,
We finally made it, huh?!! I really just wanted to thank you for everything, especially your friendship. You're very special to me. I couldn't have made it without you. Thanx and good luck. Love ya lots!!!!!
Friends forever, Ingrid

My #1 sister Gloria,
Congratulations! I'm proud of you. You have tried with earnest deligence and now it has come time for you to move on to college. I pray that the Lord shows you the right path in anything you may pursue. God bless you always.
With all my love, Grace

Leanne Shively,
"This land is your land" and don't ever forget it. Always make the most of it. God bless you — Isaiah 62:3
Love Mother and Dad

Leanne,
I'm going to miss you when you go to college. We have to keep in touch. I really do love you.
Love, Sis

Dear Linda Smith,
I know you will make it. You made it through school. I love you and I'm so proud of you.
Love, Mother

Linda (Boo) Smith,
Do the best you can.
Love, Grandmother

To Linda,
Congratulations! As you step into the next phase of your life, be confident, work hard, never give up, and you will be successful. Best wishes.

To Javier Lopez,
Hey congratulations Javier! Thanks for the good times these past 18 years and we'll graciously forgive you for the bad. Standing behind you always —
Monica and Puchi

Kathy Malabo,
Congratulations Kathy! We wish you all the best in life and success to your future. We're very proud of you.
We love you, Mom & Dad

Keena,
Do the very best you can in all things, and leave the outcome to God. Best of luck with your future. We love you.
Daddy and Barbara

Hey Keena Boo Boo,
What up? Girl, we finally made it. YAH HOO!! I'm so glad that we're close because you're a very sweet and understanding person. I'll always be by your side, supporting you in everything you do, so CONGRATULATIONS and God bless you.
Love always, Toya

Ingrid Goodman,
You did it!! We love you and wish you much success in the years ahead.
Mom and Dad

Gayle Van Ross,
Congratulations on your accomplishments. May the years you've spent become the future you seek. Remember, He who gives you the diameter of your knowledge, prescribes the circumference of your activities.
Jackie, Chevonda, Dominique, and Pops

Ms. Toya,
It's been tough
We've been through a lot
Yet we've done something right,
For we came out on top.
Love ya lots,

Brian Tungate,
You've made my years of high school most memorable. A lot has changed, but we'll always be the best of friends and I'll always love you!
Anna

Jacqueline Woodard,
You have the capacity within yourself to be all that you can be — and to me you are the best. I love you.
Mom

Steven Smith,
Wake up! It's time to rise and take a bath. No, you can't stay home. And don't go to school to sleep through math. Time Has passed so quickly — graduation day has come and gone. We have grown older and so have you. The halls at school are empty, now. Somehow the sounds are not the same — there is no familiar voice these days, no sign of boundless energy, no call of "Hey, Mom, guess what?" Memories grow dim, the good times fade, and the laughter is quiet. But, through it all, the reward remains bright and clear, the occasional, "Mom, Dad, I love you." Best wishes for good health, much happiness, and great success. Challenge the future, Steven, it belongs to you.
Love, Mom and Dad

Victoria,
Thank you for being there when I wanted and very often needed advise words that I will never forget. Vicky I wish you the very best because you deserve it. I hope you never stop striving.
Love, Martha

Dear Doris,
Congratulations and best wishes are in order for your outstanding achievement in your senior year. We are proud and very happy. You are loved and supported by all of us.
Sonia Maljian

Connie Mesa,
Congratulations, I knew you could do it! I'm so proud of my baby. May all the best things come your way.
Love, Mom

Dear June Newton,
Writing won't cover the thoughts I have for you. I just want to congratulate you on your achievements. I wish you luck, good fortune, and happiness.
I love you, Joey

To Martha, June, Lisa, and Vicki,
Good luck Babes! More power to us and the class of 1984.
Yours, Thuy

Anna, Brian, Tracy, and Mariama,
Thanks for being such great friends. Good luck next year. Keep in touch.
Friends forever, Leanne

Hi Miko,
We finally made it through another year of Tom, Andy, Peter, Jeff Goldblum and countless others! We still have one more year, which will be the best and filled with lots more memories. Remember Audis and Toyotas are number one!
Love, R.L.

To all the teachers at Marshall who made my years here very special ones,
The best of everything to all of you.
With Love, Gloria Shahinian

Dear Martha and Thuy,
You have been great pals to me. I hope we will always stay this close. Good luck.
Love ya lots, Vicki

Dear Gumby,
Sham! I'm really going to miss you. You're such a sweetie. What am I going to do without you?
I Love You!!! Iggy

Dear Geek,
'Sup? You have made this my best year of high school! What am I going to do without You and Bri? I'll miss you! You've been a fantastic friend.
I Love You!!! Fag

Hey Ms. Mariama Powell,
Howdy! Even though we've been through a lot of turmoil this year, our friendship has always had a positive conclusion. Good luck with your future goals.
Love Toya

Thanks to Mano, Jose, Davey, Adolfo, Eduardo, Sergio, Pato, Julio, Steve and Nam, I got a "kick" out of you.
Coach Burke

To Anna, Brian, Daphne, Craig, Tracy, Dave P., and Steve,
I value your tutoring and correcting.
K.R.B.

Cheerleaders of '83-'84,
It's been Real. Ooh baby sham! If I had a chance to do it all again it would be with you all. You sure are wonderful.
Love, Mariama

Love Mom, Dad, Darilyn, and Johnathon

Dearest Petuna Pig,
These years together have really been an experience for the both of us. Of course we've had our ups and downs, but who said life was perfect??? Keep a positive attitude and success will be yours.

Love Big Sis Rhonda

Dear Toya Baby,
You are a fine, nicely built, intelligent, and sweet young "Queen" who I've been admiring, and I congratulate for your accomplishments. Remember, if John isn't there to love you, someone else will be (ME).

Love you always, Mr. "X"

Congratulations Toya!!!!!!
This is the beginning of many successes in your life. "Each moment is a beginning, the sun rises even after it sets."

Love Lelia and Johnny

Toya,
Congratulations on your accomplishments. Remember to strive for the best and good fortune will be yours. Good Luck!!!!!

Mr. and Mrs. Jones

Dear Kevork Jerahian,
Congratulations!!! We are proud of you. God be with you in your new life into college. We wish you success.

Love Mom and Dad

Congratulations Kevork!!!!!!

Congratulations. We are very proud of you. May God bless you and guide you in all the days ahead.

Love Aunt Hasmig, Sylvia and Ruth

Dearest Kimberly Jones,
You continue to make your family very proud. Your academic, social, and athletic development have brought us all joy. Your honesty, sensitivity, kindness, and maturity are but a few of the reasons that I LOVE YOU so much. Congratulations and keep Smiling. LUV Ya

Dad

Congratulations Kim!!!!!
You've made us all very proud. Our hopes and prayers go with you as the challenges of tomorrow unfold for you.

Love Mom and Ricky

Kimmee, Kimmee, Kimmee!!!!!!!!!!!!!!!!!!!
Well, We've finally made it. And it's only taken ten years!!!! Thanx so much for everything. Youthhood would never been the same without your friendship. You are very special to me, so take care.

Love (and friendship) forever, Lynn

To Kim,
Happy high school days to a beautiful granddaughter.

Grandma and Granpa Jones

Ruffles,
You are GRADUATING!!! Congratulations. I'm glad you and I met. You are a beautiful and kind person, and that's why I love you.

Eric

Love and continued happiness to Kimberly from Great grandma Horn

My Dearest and Most Beloved Sister,
Congratulations!!!! You finally made it. My only regret is RTD here I Come!!!

"The Ricker"

Dear Kimmie,
There are so many opportunities for you to take advantage of. Just keep your eyes open and find something you would like to do and you think would be successful in doing.

With all my love Honey, Granma Williams

Rico Banzuela and Rona Tanael,
Congratulations! Keep up the good work. Success is reachable. My prayers will always be with you.

Grandma Ming

Thuy and Le,
Congratulations. We are proud of both of you. Keep up your good efforts.

With Love and Pride, Mom and Dad

To Angela Abadjian,
Congratulations! We are proud of your hard work and achievements. Best wishes for a bright, happy future. Our love and prayers will always be with you. May God continue to bless you.
Love Mom, Dad, and Joseph

Ingrid Albrecht
May you have God's richest blessings on your graduation day, and may He always be your help and guide along the way. Congratulations on your achievement.
Love Dad, Mom, and Ron

Ingrid Albrecht
Trust in the Lord with all your heart, and lean not on your own understanding. In all ways, acknowledge Him. He will make your paths straight.

Now the great journey begins. Remember that you control your destiny, and that those who love you will share your burdens.
Love, George

Dear Kumiko Alexander,
May life hold no restrictions for your upward mobility toward success. Be your own person, shoot the moon! We love you.
Uncle Roe and Aunt Dee

Dear Kumiko,
Now that you have come to the crossroads of life. I hope you will choose the right direction. Good luck! I love you.
Nana

Lali Alvarez,
We made it in one piece. Unbelievable!! Have a lot of fun next year. Good luck.
Friends always, Leanne Shively

To Martha Araya,
Hey Babe!! We made it! Big cruel world watch out!!!! Thanks for your lifting smile and wonderful humor. Remember that our friendship is forever.
Love ya lots. Your buddy Thuy

Ferdie Banzuela,
I give you our love, support and prayers for more success in the future. CONGRATULATIONS . . . Rico Baby. Keep it up.
Love Mama and papa

Ferdie,
Congratulations, "Senior King"!! Wish you luck in the future. Remember Rico, you'll always have our prayers and support.
Love, Robel, Tony, and Pierre

Kelvin and Jessica Barry,
Struggling, hardwork, and love got you this far. Remember this as a lifetime motto. We are proud.
Love Mom and Dad

Traci Billingsly,
Thank you for being an obedient daughter. In your diligence and persistence you have manifested to us through the years. We know that you will accomplish the fulfillment of your purpose in life. We are proud, happy, and love you very much. May Yahweh continue to bless you in all you do.
Mom and Dad

Dearest David Bowman,
Though our time may have been short, the special love we have shared will be FOREVER. Good luck baby!!!!!
Always and Forever, your coconut

Dear Keena,
Even though you're not expecting this, congratulations! Keena, tell me, how could I forget you after hearing your voice over the phone every night for a whole year asking for Toya?
Love Rhonda Stinson

To Mariama Changamire
It has been a joy being your mother. The growth pain has been worth it all. Good luck in your endeavor to be a V.D.M. You will be very successful. I love you.
Mother

Dear Soni (Mariama),
You've finally made it, even though you've doubted it at times. Remember never to let other people's hang-ups get you down and life will be wonderful.
Love, Rhonda Stinson

Dearest Lynn Church,
We are so very proud of your achievements in school. CONGRATULATIONS!!!! We hope your future holds in it everything you desire. You have blessed us so.
Love, Mom, Dad, and Jim

To Lynn,
Congratulations!! I know you'll be a great success in anything you strive for because you're a super person.

Real People

Marshall is made up of REAL PEOPLE. Each one is an individual in his or her own way. This individuality is what makes Marshall Fundamental School unique.

Marshall is different from other schools. The student body makes it unique. They are so warm and friendly and they always make you feel welcomed. Yes indeed, our school has what every school should have; "REAL PEOPLE."

Journalism

The outstanding journalism class this year was larger than previous years. Fortunately, the EAGLE'S EYE had more experienced returning students.

This is the first time in the EAGLE'S EYE history that they've had an Editor-in-Chief, Michelle Ware; and a Managing Editor, Dave Bellos. Michelle and Dave both shared the responsibility of being page one editors of the EAGLE'S EYE.

During the second semester, the EAGLE'S EYE participated in the STAR NEWS mini educational program. This is the second year of this program sponsored by the STAR NEWS. We were so fortunate to have been commended for our professionalism and for excellent news writing ability.

The EAGLE'S EYE managed to publish 11 editions this year. Among these were special editions such as: Homecoming, April Fools, and Senior additions.

Without Mrs. MacArthur's constant devotion and guidance, the EAGLE'S EYE would not have reached thus far. We thank her for everything she has done for us.

German and Spanish Clubs

The 1984 is the second year of existence for the German Club. The advisor of the club is Mrs. Annarella and their officers are as follows: Bruce Baugh, president; Micelle Bogosian, vice-president; Andria Schwartz, treasurer; and Kristine Pestana, secretary.

The club seeked to provide students with opportunities to learn about German language and culture.

This year our Spanish Club found itself in its third year of successful existence. The club is one of the largest clubs here at Marshall. Mrs. Riherd is the advisor, and the club's first semester officers were: Mer Gambito, president; Nich Sakellariou, vice-president; Matt MacArthur, treasurer; and Linh Nguyen, secretary. Second semesters club officers were:

The club's primary goal was to use the proceeds accumulated from fund raisers to finance both scholarships and the Spanish AP test for deservant students.

The club also planned and participated in various cultural events.

National Honor Society

Our National Honor Society advisors were: Mrs. Davis, Mrs. Annarella, Mrs. Sapp, Mr. Ramirez, and Mr. Grant. Being its second year, the officers were: Ronalyn Tanael, president; Vicki Kozikoujekian, vice-president; Thuy Nguyen, treasurer; Linh Nguyen, secretary; and Charles Duncan, activities commissioner.

The members worked diligently to sponsor the after school tutorial program. These honor students contributed time to help other students in all academic areas.

Some of their activities were a pizza night at Godfather's Pizza and a Christmas Party.

Letter Writers & Principal Advisory

The purpose of the Letter Writers Club was to make students aware of political matters and how our nation works. It gave the students a chance to get in touch with our President and senators.

The members wrote letters to two of our senators and, of course, to the STAR NEWS, on the closure of Marshall. The closure was one of the biggest issues on Marshall's campus, since it effected not only the student body, but the up-and-coming senior class. They wrote letters on either the pro and con of each political topic. This club was always open to any senior with a "B" average in English. The advisor of the club was Mrs. D. Moorman.

The Principal's Advisory Committee was a group of students from different grade levels who set out to make our school better. These students came up with different suggestions that could be beneficial to the improvement of our school. The suggestions were taken to Mrs. Sapp for approval. They helped to form a School Cleanup Committee to keep the school clean. Also they worked on speeches to be prepared for the Board meetings on the closure of Marshall. These students were involved in many school functions and among this was how to make Marshall a better place for the entire student body.

Science Club

The Science Club was one of the largest and most active clubs on Marshall's campus during 1983-84. The club grew to be more than 50 members under the supervision of Mr. Alam. The efficient officers were: Doris Melkonian, president; Robin Gridley, vice-president; Linda Igarashi, treasurer; and Susan Chapman, secretary. Due to its size, sub-officers were chosen.

Science Club had many activities this year. They had successful Homecoming booths, a jewelry and mistletoe sales and went to see two tapings of "Family Feud."

The club sponsored a CPR seminar which was given by Mrs. Margo Babikian. They had a special seminar on Blood and its Functions which was presented by Mrs. Sonia Maljian. They had other speakers of high interest lecturing to them.

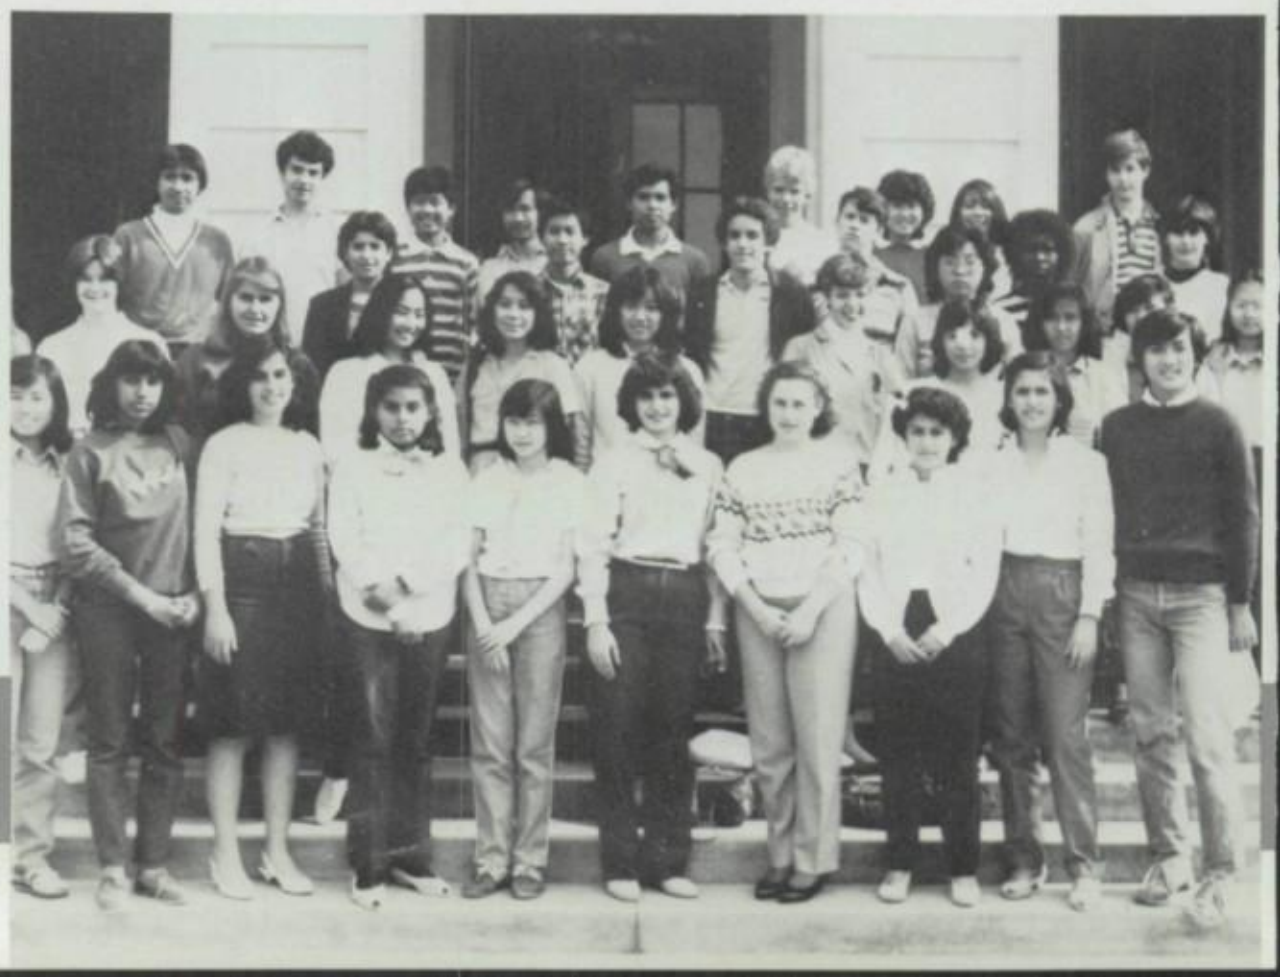
The Science Club planned its first successful reunion of old members, a hike, college visitations, Cabrio Beach/tarpits and Catalina Island trips for second semester. They also planned a scientific contest for their members.

The club members spent many interesting hours in room 7 during lunchtimes where they had parties, a movie, and a slide show.

This was a great year for the Science Club, one of the most active clubs on Marshall's campus. We definitely surpassed the previous years. We accomplished these tasks with the support and enthusiasm of the members, officers and of Mr. Alam.

Doris Melkonian
Science Club President

The Pres., Doris



Drama

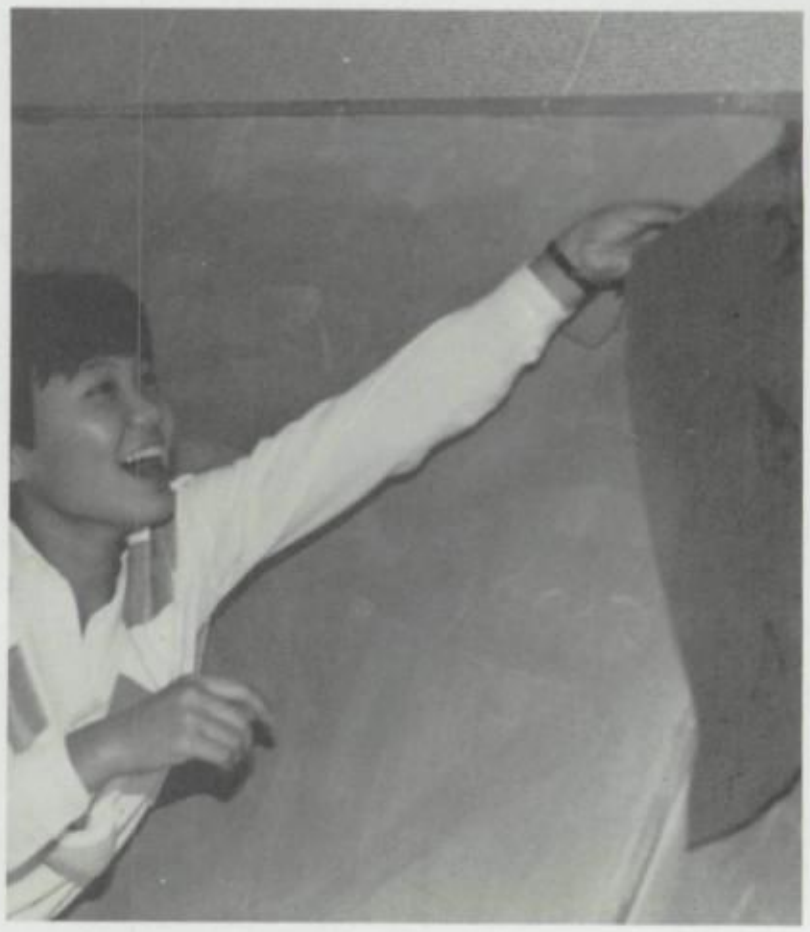
Drama Club Officers of the Drama Club include: President — Noel Truick, Vice-President — Anton Conley, Treasurer — Anthony Pruitt, Secretary — Angela Maxwell, and Sergeant at Arms — Chris Clark

and "S" Club

Mrs. Halverson started the "Service Club" and having retired early, Mrs. Cash picked up the advisorship. Along with visiting the elderly, the "S" Club donates the money they made to an elementary school.

Officers include: President — Phuong Bui, Vice-President — Marianne Pestana, Activities — Camille Curtis, Secretary — Michelle Keith, and Editorial Secretary — Melanie Smith.

Sponsored by the Pilot Club International, the Anchor Club is a service club for high school girls. Officers include: President — Sung Hwang, Vice-President — Doris Melkonian, Secretary — Thuy Nguyen, and Treasurer — Debie Miller. According to Sung Hwang, "the club emphasizes growth, friendship, and service."



Anchor Key Club

The Key Club is a service club whose primary purpose is to raise money for worthy organizations. Their activities this year included the Kiwanis Luncheon, haunted house, visiting the elderly, and cleaning gardens. Officers include: President — Jolean Tran, Vice-President — Ronalyn Tanael, Secretary — Barry Spriggs, Treasurer — Brian Vollmer, and President elect — Mert Gambito.

AP Club CSF

The Advanced Placement Club, under the advisement of Mrs. Radu, raised money to help pay for the AP Tests. Ronalyn Tanael, President, helped to organize the activities to raise the funds. Activities included an annual pen sale, Pizza-night, and trips to various television shows.

The Chapter of the California Scholarship Federation consists of a group of academically outstanding students. To be a member, students must meet certain criteria. Life membership comes in the form of being a gold seal bearer (When the student is a member for Four semesters). President Brian Tungate feels "this has been a prosperous year in more than one way. The annual Christmas gram, alumni luncheon, and dessert in honor of all gold seal bearers went quite well." The profits go toward scholarships. To be a member is both a privilege and an academic achievement.

ASB Associated Student Body

This year's ASB, under the President David Pettit, has experienced a small part of government operations, and the problems all bureaucracies face. This year's cabinet underwent many changes and challenges. Through the changing of advisors, they were successfully able to organize the homecoming fair and dance, rally support to keep the school open and organize activities to keep school spirit up.

Our advisors, Ms. Borra and then Mrs. Allen, introduced us to the American Government System and the understanding of what it takes to be a leader.

David Pettit, Curtis Schade, Ronalyn Tanael, Brian Tungate, Rebecca Spriggs, Linh Nguyen, Margie Gough, Drew Syphus, Lynn Church, Mert Gambito, Greg Manley, Van Nguyen, David Bowman, Cynthia Pitchford, Franciz Tanael, Hovel Babikian, Anna Orlowski

"This past year has been absolutely facinating. Through the passing of trials and crises which have plagued my administration, an overwhelming positive response has reverberated to the vast extremities and diverse cultures of our beloved campus, bringing with them messages of enthusiasm and support. All in all I have had a very enjoyable year. I give my undying love and moral support to all I leave behind and wish everyone the brightest future possible.

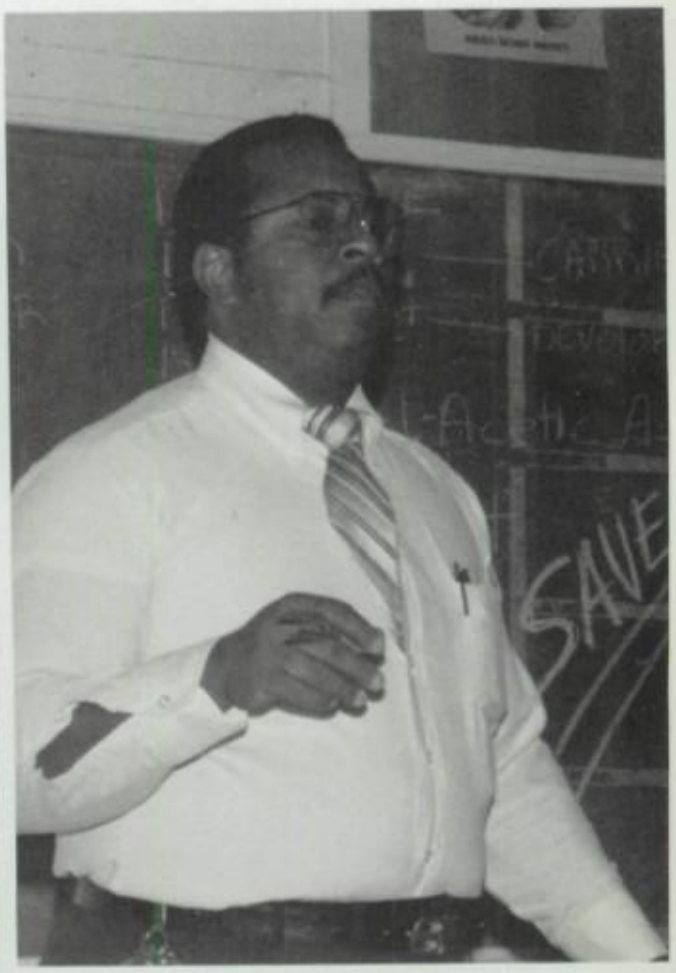
CLUB AND



R. Elliot — Art
M. Grant — Art
C. Sherrod — Art
D. Basset — Art
J. Pentecost — Industrial Arts
F. Matuszak — Industrial Arts

The Art Department has come up with some pretty unique and original work. This year some of Marshall's best art students have entered into several art shows throughout the year. Including the Pomona Fair last summer, and the Pasadena library, says Mr. Elliot. A number of our students received art scholarships to the Art Center College of Design. "This is truly an honor for any student in Pasadena," remarks M. Grant. This year's new asset to the Industrial Arts department is Mr. Matuszak, who teaches woodshop. With Matuszak in woodshop and Pentecost in Drafting there's no stopping Industrial Arts Now!!

Also, with the superb instruction of our new photo instructor, Mr. Pentecost and the hard work of our photo students, Marshall's photo lab has come a long way. From photo shows at the Jackie Robinson Center, to photo contest all over the country. Teaching stage, Mr. Bassit has big plans for the future stage crew. After this year's crew, they have a hard act to follow.

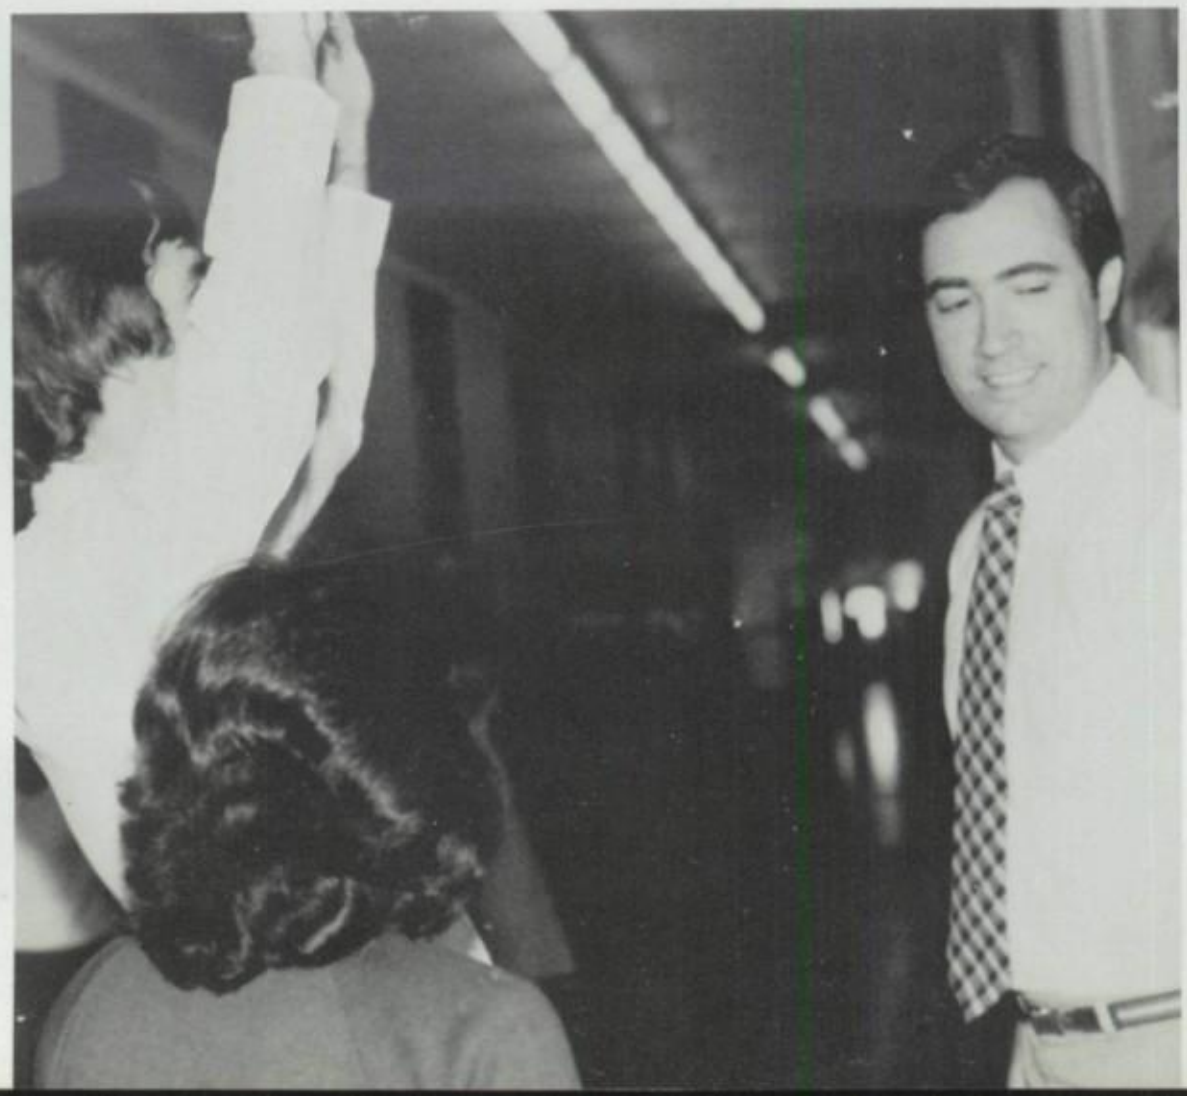
Mr. R. Stone

Mrs. A. Jarahian

Mrs. H. Hamlet

Marshall's special education classes are taught by: Mrs. A. Jarahian, Mrs. H. Hamlet, Mr. J. Muller, and Mr. R. Stone. These special education classes are designed for students with learning impediments. These students, range from 7-12 grade. They are taught subjects which includes Math, Spelling, Writing, Reading, and Practical Living. Each student is on an individual plan and works at his or her own pace.



ESL-THERE IS A PLACE AND MEANS

Mr. T. Dean

Mrs. J. Preston

Mrs. M. Cash

Mrs. M. Richter

Mrs. S. Ganther

The ESL department benefits those students who are foreign to our country and have difficulty learning the English language. These individuals are taught English in their own language, which is a tremendous help to them now to help them to understand their other subjects better. It also helps them a great deal in the future when knowing English is vital to get a job and everyday living.

CAREER CENTER

Mrs. P. Holmes
R.O.P.

Everyone's future lies in a certain career. Here at Marshall, we have a Career Center headed by Mrs. Lockhart and the R.O.P. program headed by Mrs. Holmes which have aided us with our future career planning.

The Career Center has always provided us with interesting guest speakers in job areas, as well as books and pamphlets on many and varying careers.

The R.O.P. program has aided students in getting ahead in certain careers by on the job training. They did not get paid for their time but they did get experience.

They have taught us to think about our futures "Today, for tomorrow may be too late . . . "

Mrs. A. Lockhart
Career Center

Commander Holmes
R.O.T.C.

R.O.T.C. is a new comer at John Marshall. It was started two years ago. This class in only taught first period by Commander Holmes.

R.O.T.C. provides equal opportunity as well as prepares students for the Service. There are six Seniors in this program, and all plan to pursue a career in the Armed Forces.

On February 4, 1984, they participated in the Laguna Beach Parade. They, also, performed in last years graduation exercises.

Cathy Plunkett (senior) and many others feel that through R.O.T.C. they have found respect in themselves and in others. They have also found a deep loyalty for this country's Armed Forces.

We salute you . . . the few, the proud — "R.O.T.C."

Mrs. M. Hampton
Business

The Business Dept. at MFS has been a great help to those who were interested in making their career in business. They have taught us many skills that we will use the rest of our lives. These skills vary from typing term papers to using shorthand to aid us in note taking.

Toya Harris (senior) who wants to major in business quotes, "accounting has helped me to achieve the fundamental skills for my future career."

Even with Mrs. Martin's "new arrival" and Mrs. Hampton's busy schedule, they both have contributed immensely to our business program.

DRAMA-`GIRLS ROCK YOUR BOYS´

Mr. Hollander is in his third year of teaching here at Marshall after getting his degree in Music Education at UCLA. Mr. Hollander was a teaching associate for the UCLA Marching and Varsity Bands and he conducted those groups regularly at UCLA football and basketball games.

While at Marshall, Mr. Hollander has exhibited a great deal of versatility. In addition to his duties as instrumental music teacher, Mr. Hollander has taught several Social Studies classes, been the advisor for the Choraleers, and has coached girls' basketball at the high school level.

This year, Mr. Hollander divides his time teaching a half-day at Marshall and a half-day at Eliot Jr. High. The instrumental music program at Eliot is large enough to need more than one teacher. Mr. Hollander teaches two of the four bands at Eliot as well as coaching the Eliot Marching Band and Joyz Band. While at Eliot, Mr. Hollander works with Mrs. Rosemarie Krovoza who is well-known throughout Southern California as a top music teacher.

The Dramatic Arts classes' goal is to prepare each student for the experience of performing for an audience. Students develop skills such as: the ability to concentrate, to listen, to observe, and to let the body remember and recreate sensations as the mind remembers and recounts facts. This is accomplished in stages, beginning with the improvisations, body movement, and Spolin theater games. Students will have the opportunity to develop and expand skills learned by performing in a production during the semester.

RC Smith
Drama Instructor

I teach ESL in the Los Angeles School District for eight years now. I have been teaching adult night school to supplement the earnings that I am not making here in the PUSD. It's rough teaching four nights a week and driving the distance. But it's a rewarding experience working with people from other countries because I not only teach them how to speak, write and read English, but I am also learning from their different cultural traditions. The students really respect me as a teacher and they study hard to learn English so they can become a working citizen of the United States.

Marshall is proud to have four outstanding music groups: Advanced Band (Marching Band), Intermediate Band, Orchestra, and Choraleers.

The Advanced Band is the most visible of Marshall's groups as it also serves as the Marching Band during football season and pep Band throughout the year. The band also performs for Open House, Back to School Night, assemblies, and Commencement exercises. The Advanced Band is also a top performing group which plays at all concerts and at various music festivals.

The Intermediate Band is a training group for the Advanced Band and is primarily made up of junior high musicians. The Intermediate Band plays at all concerts.

The Orchestra is another top performing group which plays at all concerts and various music festivals. The Marshall Symphony is noted for playing the very best of music literature and is considered one of the top music groups in Pasadena.

The Choraleers are Marshall's very active choral music organization. With activities as varied as musicals in the auditorium to caroling at the Sierra Bonita Towers. This active club is a leader of Marshall activities.

Striving for healthy bodies and alert minds, the Physical Education Dept. offers a wide variety of in-school activities. These activities are: Body Conditioning, Volleyball, Gymnastics, Softball, Track, and Basketball. In the past few years, people's outlook on sports and physical activities have changed. These changes have occurred in the way that sports are now viewed. No longer are sports merely played for fun, but they are also played to maintain a healthy body. Unlike some schools, the gym teachers here at Marshall take a personal interest in the activities they teach. A few examples of such teachers are Ms. L. Gailey, who has encouraged many students, beginners and advanced, to pursue an interest in gymnastics. Ms. M. Smith takes the enthusiasm she has for softball, and uses it to interest her students. One final example of another outstanding gym teacher, is Mr. R. Pruitt. Not only does he encourage his students in cross country, but takes part in their achievements. The three teachers mentioned above are only a few examples of the diverse talents that instruct students at Marshall.

Health and Driver's Ed.

Honk! Honk!! Skreeeeeeech!! #!!@!??'!$#@?!? There has to be another way. There is, and it isn't an alternative. It's mandatory.

Health and Driver's Ed. is specifically designed to teach the student the essentials of highway driving. Mr. Furrey and Mr. Bodenshot have been able to devise methods of teaching the students the importance of safe, responsible driving.

Many aspects are covered including driving techniques, laws of the road, hazards, motorcycle riding, and even tips on buying a vehicle.

Health is also a subject that is taught along with Driver's Ed. A Health grade, though, is given separtatly along with the Driver's Ed. grade. Health has a few similarities with Child Growth. Health, though, goes into more detail about the anatomy, physiology and diseases.

HOME ECONOMICS- PREPARING FOR THE FUTURE

Mrs. Grant — "Child Growth is a capsule view of what the future holds for each young adult. It is taught so that an adolescent can clearly understand themselves and approach young adulthood with some basic knowledge of what he or she has to face in our society today."

Mrs. Grant's Child Growth class has been able to cover a wide spectrum of areas including how to cope with adolescence, stress, the responsibilities of being a parent, thoughts of suicide, drugs, and even abortion.

This year, Mrs. Sherrod has been chosen to teach the Creative Clothing class. This class is designed to teach young girls (or young boy) the basics in sewing and design. The student gets "behind the needle" training on various sewing machines. And for you guys that can't find your mother to put up the hem on a pair of slacks, this class is highly recommended. Many famous fashion catalogs are used as references and to enrich the imaginations of the young girls.

The science department seeks to provide a comprehensive background in both the physical and biological sciences. Science is a foundation for both the technological era and now the era of information systems. We seek to develop the processes of thinking and reasoning under the structural guide of the scientific method.

The classes are designed to make transition from high school level to college level. Much of the foundation material is assumed to be already learned when one enters a college science class.

Hopefully everybody's environment is better understood and appreciated whether one majors in science or not. Science seeks to answer the hows, whens, wheres, and whys of the world.

Curiosity is the necessary ingredient of science concepts. Science flows through the unseen world, surfacing into reality, only to plunge again into the unknown. Science awakens the intellect, challenges your beliefs, and hopefully increases your wisdom.

HISTORY- PAST, PRESENT, AND FUTURE...

The Marshall Fundamental Social Science Department is comprised of American History, American Government, World History, World Geography, Urban Problems, and Behavioral Science.

These classes are taught by competent and motivated teachers, whose responsibility it is to teach us about the past, present, and future of the Social Sciences.

The seventh and eighth grades require introductory World History and U.S. history courses. The ninth graders require one semester of World Geography and one semester of Urban Problems. For the sophomores, there is further study of World History. The U.S. History course is taught to the Juniors and Marshall's seniors must take U.S. Government.

The main reason for the existance of the Social Sciences is to teach students to fully appreciate the values, rights, and ideas developed in the past. And especially to be able to apply it to what they have learned in our modern times.

Mr. K. Burke

Occasionally, Marshall students will catch a glimpse of a grandfatherly type figure walking down the halls. This man is known to all of us as Mr. Douglas, the history teacher.

Mr. Douglas has been teaching at Marshall for seven years, and Advanced Placement classes for the last five. He enjoys teaching his two AP classes even though he feels that students should "take things a little more seriously." Just for the record at least one half of his students taking the AP exam always pass.

For the past eleven years Mr. Douglas has been involved in interviewing seniors for the USC Merit Scholarships, which are given out annually in the amount of $1,000.00 He is also more than ready to give helpful advice to juniors and seniors on how to get accepted to USC.

Mr. Douglas' attendance record is excellent, except for the few weeks he takes off every school year to go to his Fair Wind Lodge Resort in northern New York State on the St. Lawrence River. Here for the last seven years he and his wife have operated the motel, lodge, and camping grounds which are open to the public from May to September.

Mr. Douglas is one of the fortunate few whose work is his hobby, but no matter how he takes his job he feels strongly about education. As he has been quoted as saying "Education is the pathway to upper mobility."

This past year has proved a seemingly challenging one for both the students and the teachers at Marshall. This challenge has hit the math department the hardest for, with the threat of Marshall's closing at their backs the teachers have been working under extreme pressure. Along with their endurance came the understanding which so many teachers lack. We at Marshall are truly proud and grateful to have such fine educators at our disposal.

Mr. Ellis, W

We have been fortunate enough to have a basic math class taught through computers. For this privilege we truly credit Mr. Leighton for teaching math concepts through computers, and Mrs. Davis and Mrs. Hubbard for teaching programming. They have taken the stance to teach us students a different and more valuable approach to math. Along with the basic computer math class are other strategic math courses which help students to prepare for the world outside. The courses offered range from the basic math to Calculus including Geometry and Algebra courses.

Mrs. Anthony, C.

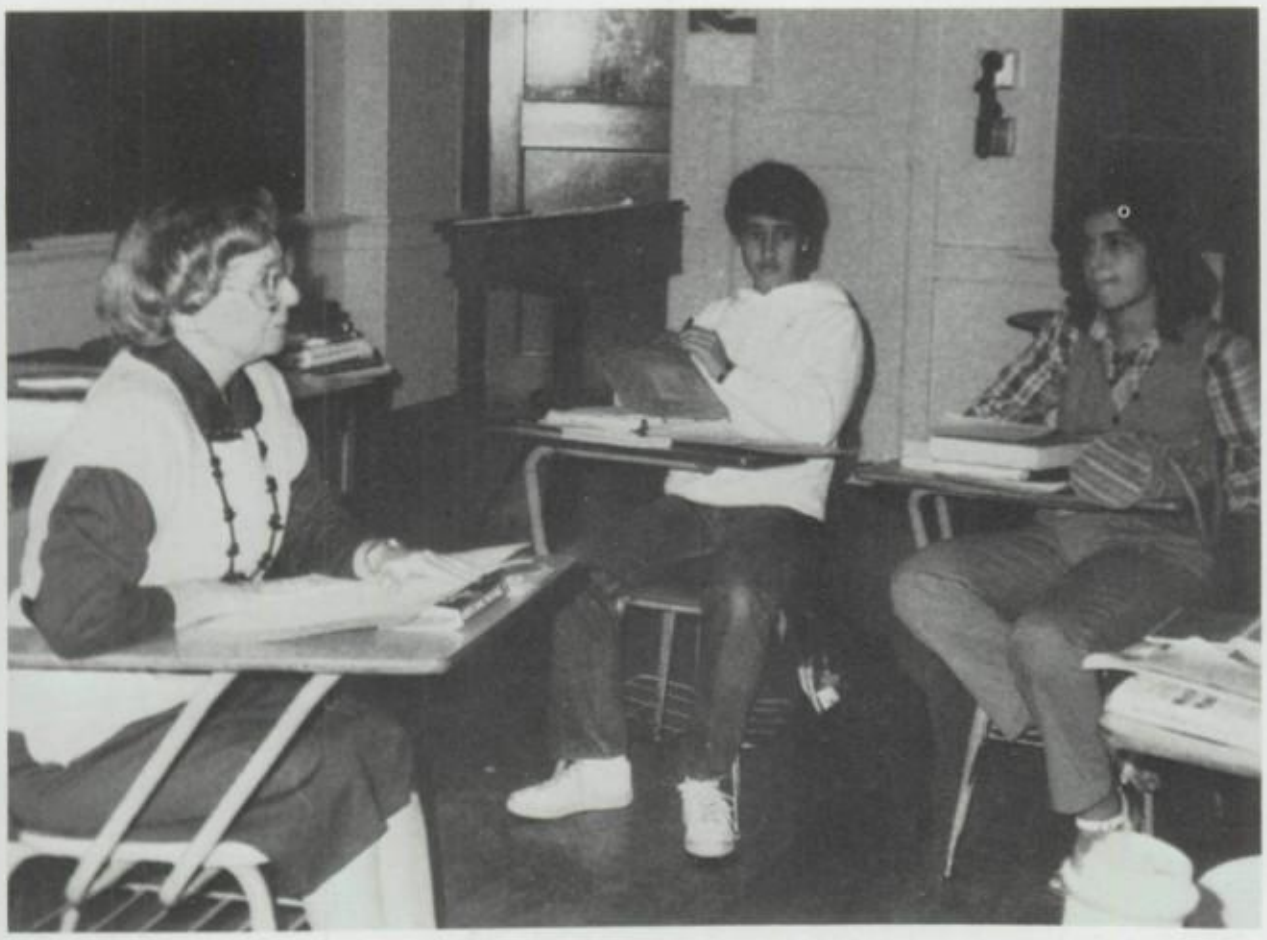
Ms. Corbin, T.
Asst. Librarian

Books, books, books, it seems that this is the only importance of most libraries, but this is not true of our library. Fortunately Marshall has a sincere and devoted librarian by the name of Mrs. Anthony. She has contributed much of her imagination to make the library a more enjoyable and educational center. In memory of the late Dr. Martin L. King, Mrs. Anthony and her assistant, Ms. Corbin, made available a 6½ minute film for any class to come view. This is just a small example of the activities Mrs. Anthony makes available for us students at Marshall. And we must say "We truly appreciate you." Thank you.

Books do a body good.



Our "English Department", stresses upon their students spelling, vocabulary and the familiarization of many books by great and famous authors of the past and of this period.

It is their goal (the teachers) to put the seeds of appreciation of this great language into the minds of each of their students. After all, the English language is used by about 400 million people in almost every part of the world. It is essential for all school students to learn the English language properly.

Mrs. Radu and her circle of knowledge!

Mr. Wayne Myers, is one of the best English teacher here at Marshall. Other than reading literature, his hobbies include; gardening, landscaping, traveling, and listening to music. Regarding extra-curricular activities, Mr. Myers has no time because he's too busy correcting papers.

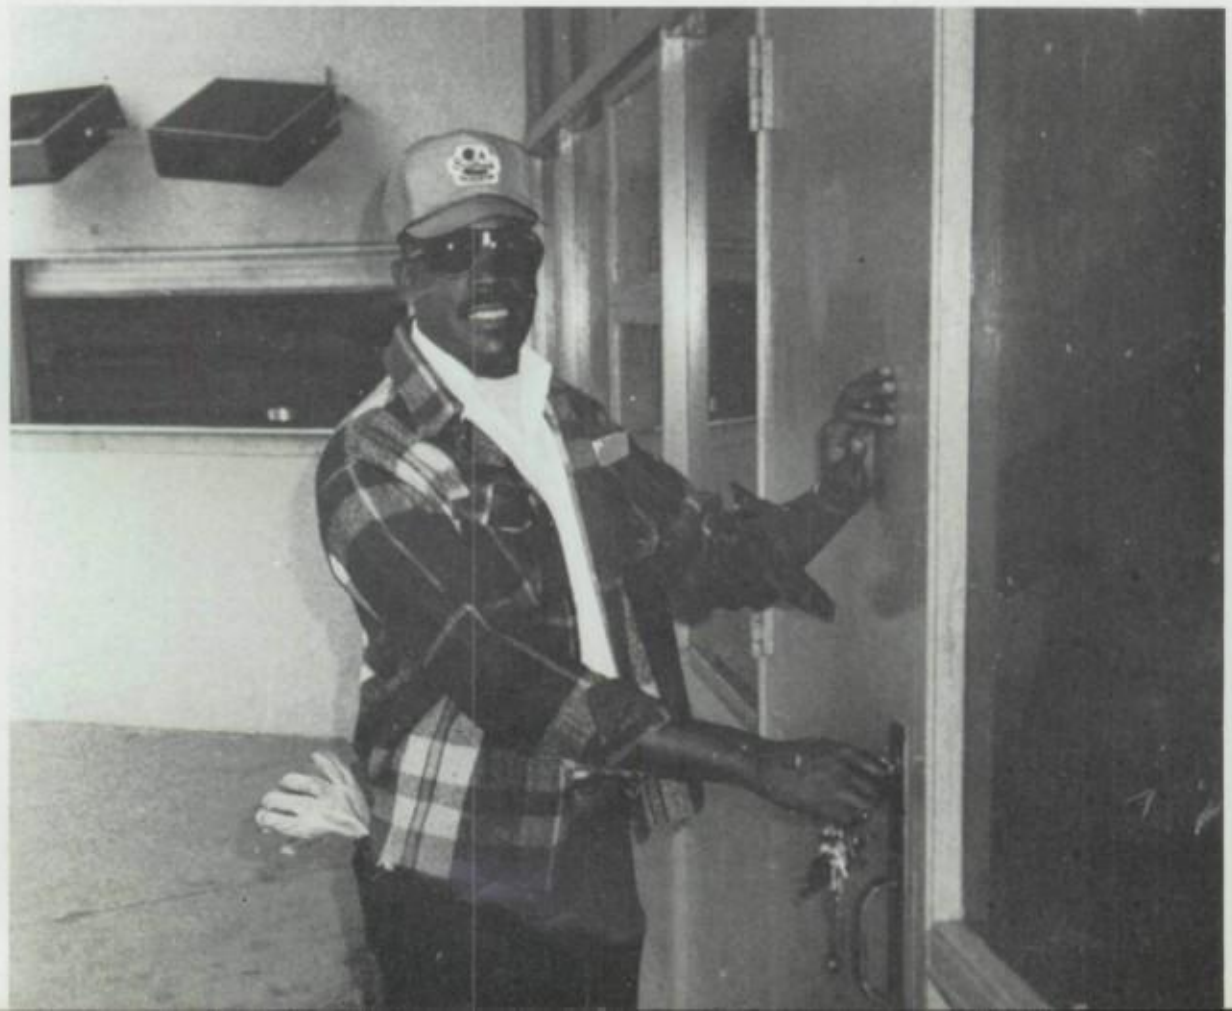
Marshall owes many Thanks to this year's "behind the scene" employees. The cafeteria staff has worked hard to provide us with well balanced meals to keep us going throughout the day. The student body would like to thank the staff for all of their hard work. Not to be excluded from this thanks is our maintenance staff. They work from early morning to late at night to keep Marshall looking "spic and span"! We would not be able to make it through the year without them.

Another section of the staff who truly deserves our appreciation is the security staff. They've become such a regular part of our school that sometimes we often forget all that they do for us. Thanks again for adding so much to the school year of 1983-84!



"Working 9-5, what a way to make a living." This must be a daily thought for most of the secretaries here at Marshall, because they do so much and yet receive so little recognition. The many hours of behind the scene work that is put out by these dedicated ladies is really unbelievable. Marshall wouldn't be half the efficient school it is without their talent and effort, and on behalf of everyone at Marshall, we thank you!

COUNCELORS - "WHAT A WAY TO MAKE A LIVING

The 1983-84 school year has brought about many changes for the counseling staff here at Marshall. Our senior high counselors, Mr. Johnson and Mr. Roberts, along with the junior high counselors, Mr. Higgins, Mrs. Halverson and Mrs. Smith, have been most effected by the changes because they deal so closely with the students.

Our counselors deserve much recognition for a job well done. They have had to deal with the constant reorganization of students, while at the same time, try to cope with the changes being made throughout the counseling staff.

On the surface, our counselors help us with programming for classes, making the adjustment from junior high school to high school, and later making the adjustments for college by helping us choose the classes best suited for us. They inform seniors of the different scholarships that are available to them. They go over each student's results from the proficiency test, the PSAT, and the SAT. They also try to help students with any problems they may be facing at school or at home.

These are only a few of the many jobs our counselors perform, but their most important job isn't mentioned above. Their real job is to help each student reach their fullest potential as individuals, and to help the students form their values BEFORE leaving high school.

They were aggressive yet tactful in dealing with all manner of problems and situations. Along with the disciplinary actions which have to be taken, they added to their duties problems regarding Marshall's attendance.

The "dynamic duo" is highly respected and admired by the entire student body.

The Administrative staff of John Marshall's 1983-1984 term was very supportive because as we all know, there was a change in administrations during midterm concerning our Vice-Principal. We would like to thank Ms. Borra for her continuing contributions to the student body at Marshall. It is greatly appreciated and will never be forgotten.

As for Mr. Ramirez, "well what can be said that hasn't been already said?!" Thank you always for doing such an outstanding job, and never forgetting that we're human beings, too.

We welcomed Mrs. Allen, who was assigned to be our second semester Vice-Principal. We would like to thank you for bringing so much to Marshall in the short time you were with us.

To the Marshall Fundamental School Students:

At no time in our history has education received so much attention.

You are fortunate to attend a school where teachers, administrators, and parents consistently have been interested in your education. It is my hope that you will give something back to the system as contributing members of your community and society.

I congratulate the Class of 1984 and wish them well!

Sincerely,

Ramon C. Cortinez

The Board of Education

From left to right: Mr. E. Hickambottom, Mrs. M. Wyatt, Mrs. K. Nack (board pres.), Dr. H. Myers, Mr. R. Hatch. Also listed are the student board members: Anna Orlowski — Marshall, Paula Chan — Blair, Ann Blackshaw — PHS, Scott Van Fleet — Muir, Patricia Patts — Alternative.

In the beginning, a school such as Marshall was only a hopeful concept. The idea of "back to basic" learning soon became a reality. Marshall became the first Fundamental alternative in the nation.

In 1973 it opened its doors to 1,000 K-8 grade students and the following year in 1974 9-12 grades were added.

Marshall's outstanding goals and objectives for Fundamental learning was so successful that the large amount of students wanting and waiting for a Fundamental education surpassed the facilities. Four more Fundamental schools were opened in the Pasadena area. Fundamental schools around the nation, patterned themselves after Marshall's traditional learning mold.

Marshall has always stood strong in its philosophy of education. It has continued to instill a respect for authority, good citizenship and patriotism for its students. Marshall has been commended on numerous occasions and in numerous areas achievement.

We hope that Marshall's principles of teaching the Fundamentals will long endure in our educational history.

TO THE CLASS OF 1984

Graduation is a milestone in life. It is an ending and a beginning. It is a stepping-stone from the past with its hours of study and its marvelous moments of fun to a new and somewhat different life filled with great challenges and responsibilities. Graduation is a sad and glad time of life when we must say "farewell" to fellow students and faculty and look ahead to new friends and acquaintances in our chosen profession. It is a time of laughter and tears, praise and witticism, orations, and reflections. It is a day to be dead serious and lighthearted, enthusiastic and apprehensive. It is leaving behind the old well-traveled ways and setting out on new, unexplored roads, knowing that we are equipped, through years of diligent study, work and application, with the tools necessary to make our way. Graduation is a proud and wonderful time of life, a happy and unforgettable event, sprinkled with moments of deep contentment, satisfaction and high hopes. Yes, Graduation is an end — and a beginning.

I wish to congratulate you on your graduation and wish you success and happiness throughout the future.

Sincerly,

Mrs. E. Sapp

Young Man. . .

The seventh grade is a boundary needed to be crossed. It is a pathway from elementary school into junior high school. It is a time to set goals for the future. A time of making important decisions in life.

To me, this year has been wonderful. I've become more responsible and studious. This doesn't come easy. We must listen and become very careful of what we do. We must bring our senses to their upmost abilities. In doing so, we break free of our old limits and minds soar high.

Being in a junior and senior high school, we are in a grown-up atmosphere. This has its drawbacks and advantages. First, it makes you scared and feel that you don't belong. But, it makes you imitate the older students and become more mature. Second, because you've just begun, it makes you feel that you're not doing anything important. But this only makes you desire to be someone special.

This year has been exciting to me. You haven't lived until you've sat through one of Mrs. Lake's classes. She picks "winning" books for her pupils to read which makes us feel like "winners!"

Another favorite teacher has inspired me with his personality and experiences he shares. I recommend Mr. Grant for seventh grade history.

I look forward to the eighth grade because more classes will be available. And finally, we won't be the youngest students of campus. I will be able to join different clubs and meet different friends.

Good luck 7th Graders.

To the Best Class Around,

Yeah! It's us of course! '86 we are ALIVE!! We beat the rest, cuz we're the best.

I really enjoyed this year and I hope all of you did also. Whatever happens to us, we will always have the Spirit of '86. We'll be together in spirit and mind. We'll treasure our memories here at Marshall forever. Let's hang in there Class of '86, two more years till touchdown.

Sincerely yours,

Juniors, this has been a great year for our class! We have all worked hard to make this year a success; and we made it!

I am proud to say that I am the new class advisor and I feel so fortunate to have the enthusiasm and participation of the finest group of students here at Marshall. Thank you Juniors.

I am looking forward to 1985 when we will have more FUN and be more productive.

We agree that the class of '85 is all the way live!

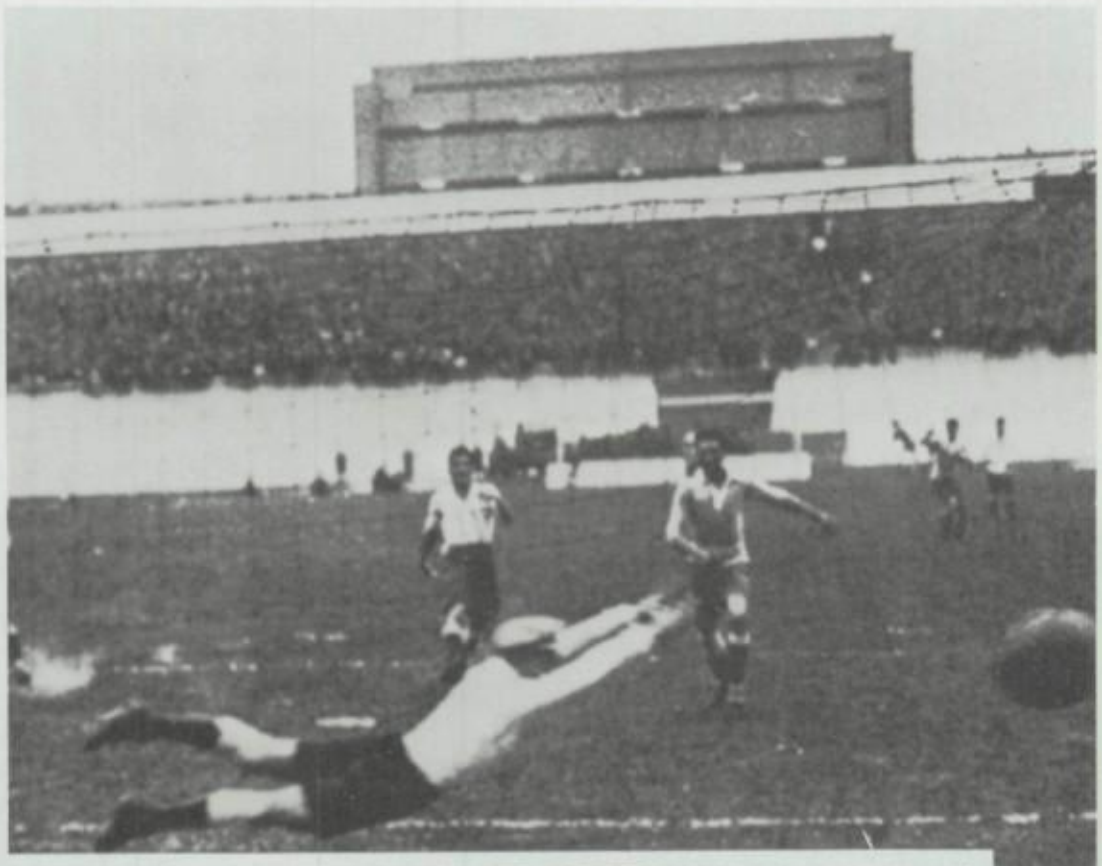
High! Well thank god this year is over, huh! Too much stress Um really glad I got to know you this year cause you're real a sweetheart (even though you trippin alot!) Um glad I could help you through your hard times w/Edu (even though you don't want to admit it!) I'll really wish things could have worked out differently but you know, that's life! Please do me a favor and quit blowing these girls' minds (especially mine!) Please feel free to call anytime if you're upset, cuz I'll be glad to cheer ya up! Even though I won't be here next year, I'll want you to have the CUTEST Senior year and I want you to find someone that is right for

you better listen, too!



The Olympic Games

The important thing in the Olympic Games, is not to win, but to take part, the important thing in life is not the triumph but the struggle. The essential thing is not to have conquered but to have fought well. To spread these precepts is to build up a stronger and more valiant and, above all, more scrupulous and more generous humanity.

Olympic Games — an institution which began reportedly in 776 in Greece. Competitors were required to train for 10 months before the games, which at first contained only running. The other big difference between the Olympic of the past and present, is that women are now able to compete. The games slowly evolved to contain more sports, including boxing, which was the last major sport added in 988 bc. Pierre de Coubertin of France is responsible for the Olympic's modern revival. They were first held in Athens in 1896. Since then they have continued at approximately 4-year intervals. The first winter Olympics were in 1924, in Chanonix, France.

This year, Marshall is contributing to the Olympics. Paul Bodenshot, last years' head coach of track and basketball, has stepped down in order to possibly have the experience of officiating track in the Olympics.

Beginning July 28, 1984, and continuing until August 12, 1984, the Olympics will be held in Los Angeles. This will be the first time since 1932 that the Olympics will again be in the city of the Angeles. Pasadena will also be involved in the Olympics. Some of the manpower needed will come from our city, and business will profit. Pasadena's Rose Bowl will host exhibition Soccer which is making its Olympic "debut." Also the Santa Anita Race Track in Arcadia will host the Equestrian events, and nearby Dodger Stadium will host exhibition Baseball.

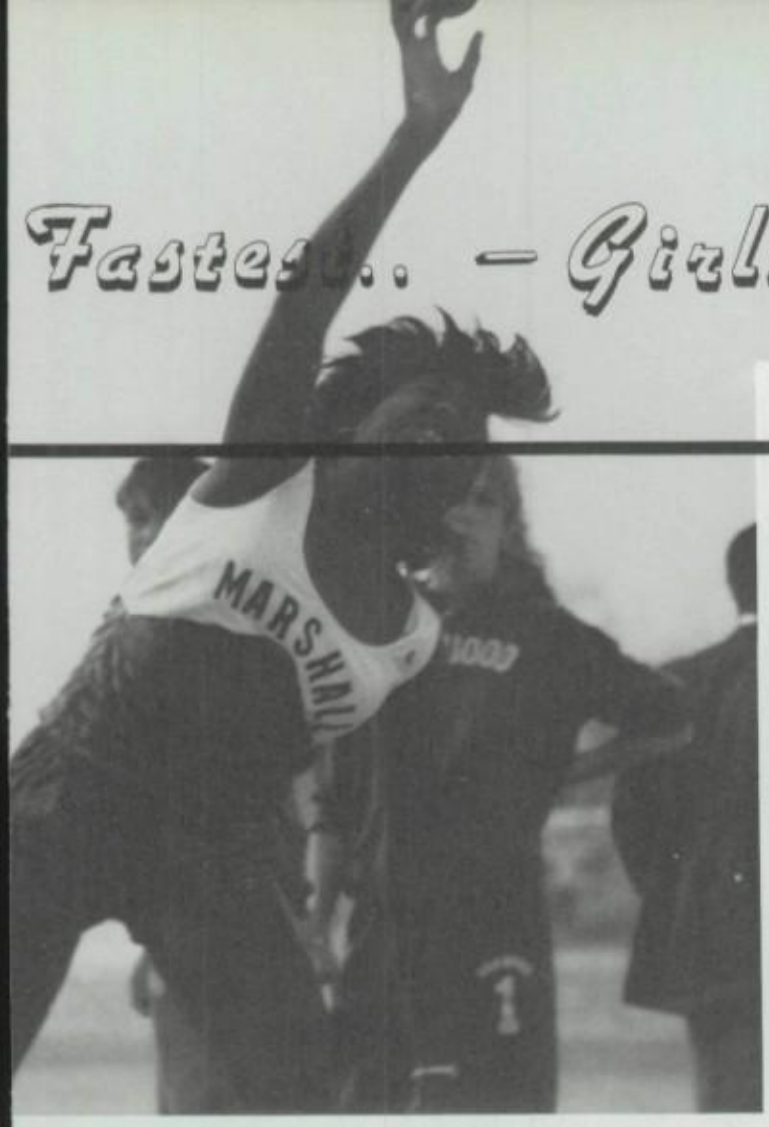
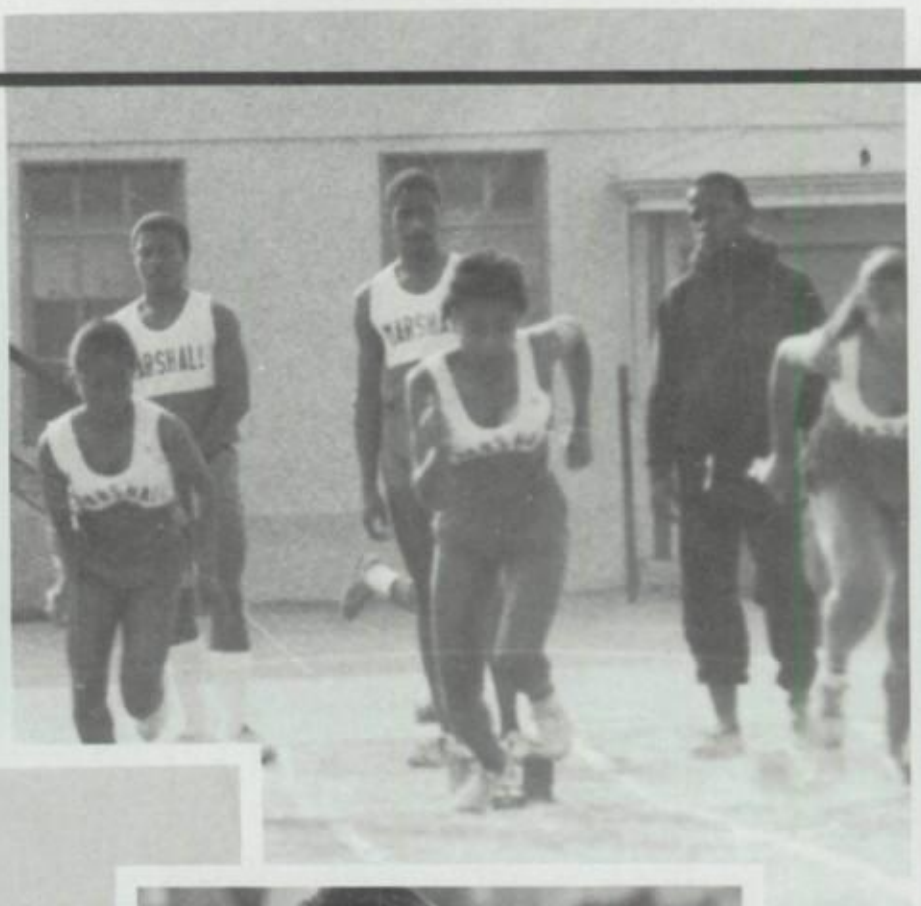
– Boys

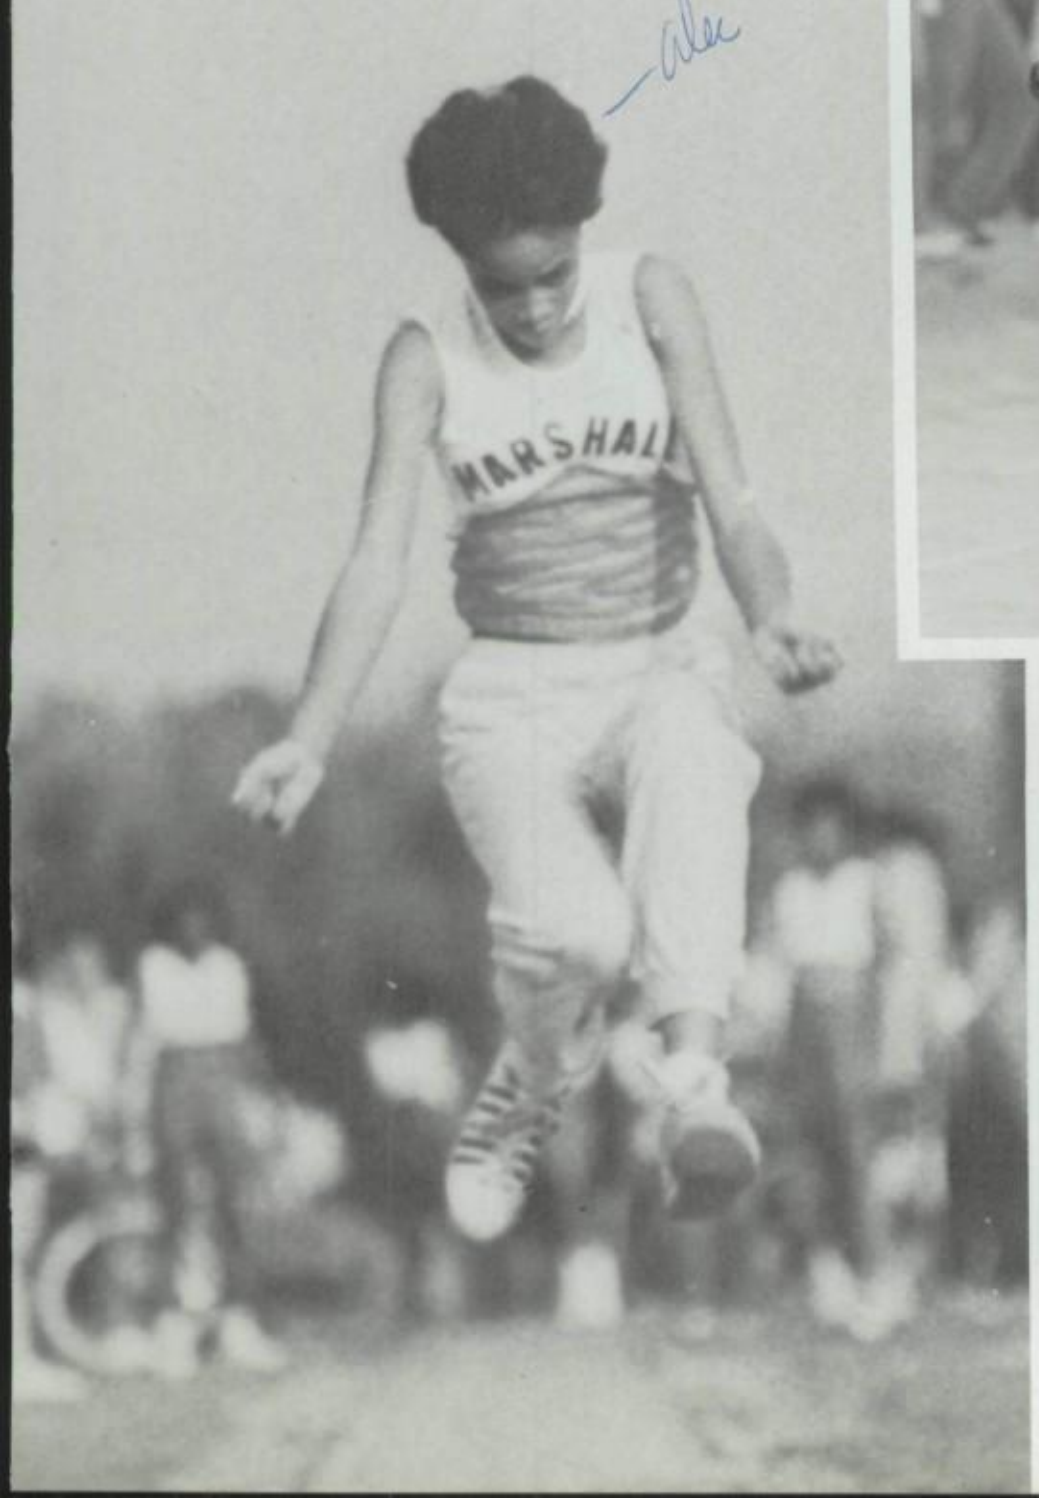
This year's boys team combined winning with a learning experience. With only a few returning lettermen, they still managed their championship form while learning the ropes of track competition.

Coach Pruit continued to give up his time and expertise, as not only the head cross country coach. He is unafraid to practice what he preaches as he can be seen off season, helping his squad stay in shape and improve.

Fastest... — Girls







For the first year in many years, the girls team had not only a quality, but a quantity of female athletes. This gave the Lady Eagles a chance to not only run individual races but also fill almost every event.

Track is considered in some cases the forgotten sport. It lacks the glamour of football and the drama of a basketball game. Few realize that runners run everyday, all weather, all conditions. They don't have defensive drills and offensive drills or shooting practice. As a matter of fact, the only type of practice they experience is running. The only difference is the speed; fast and faster.

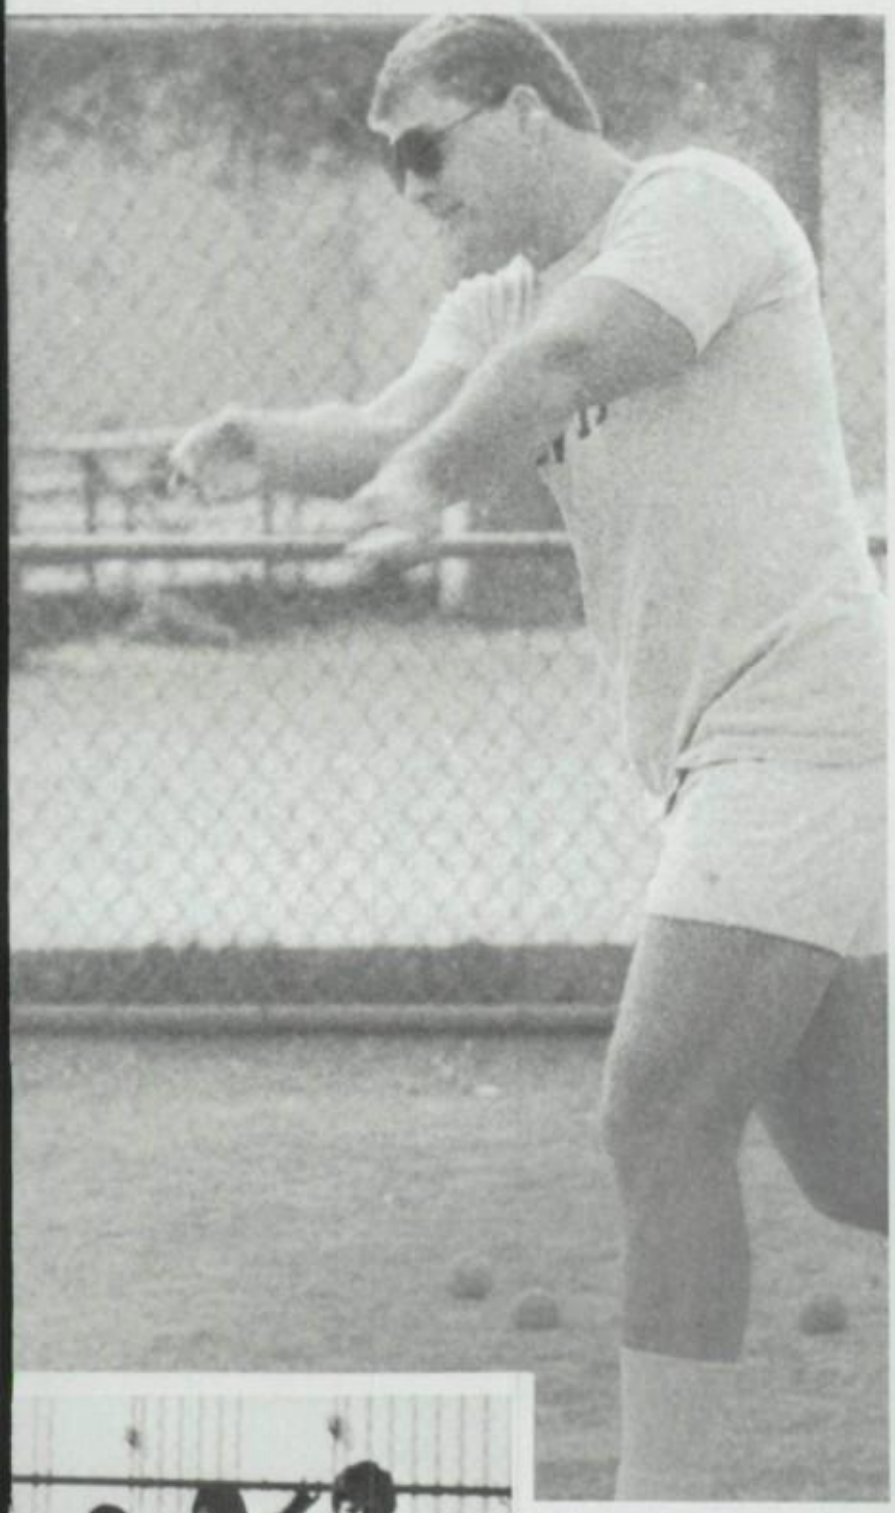
The Season

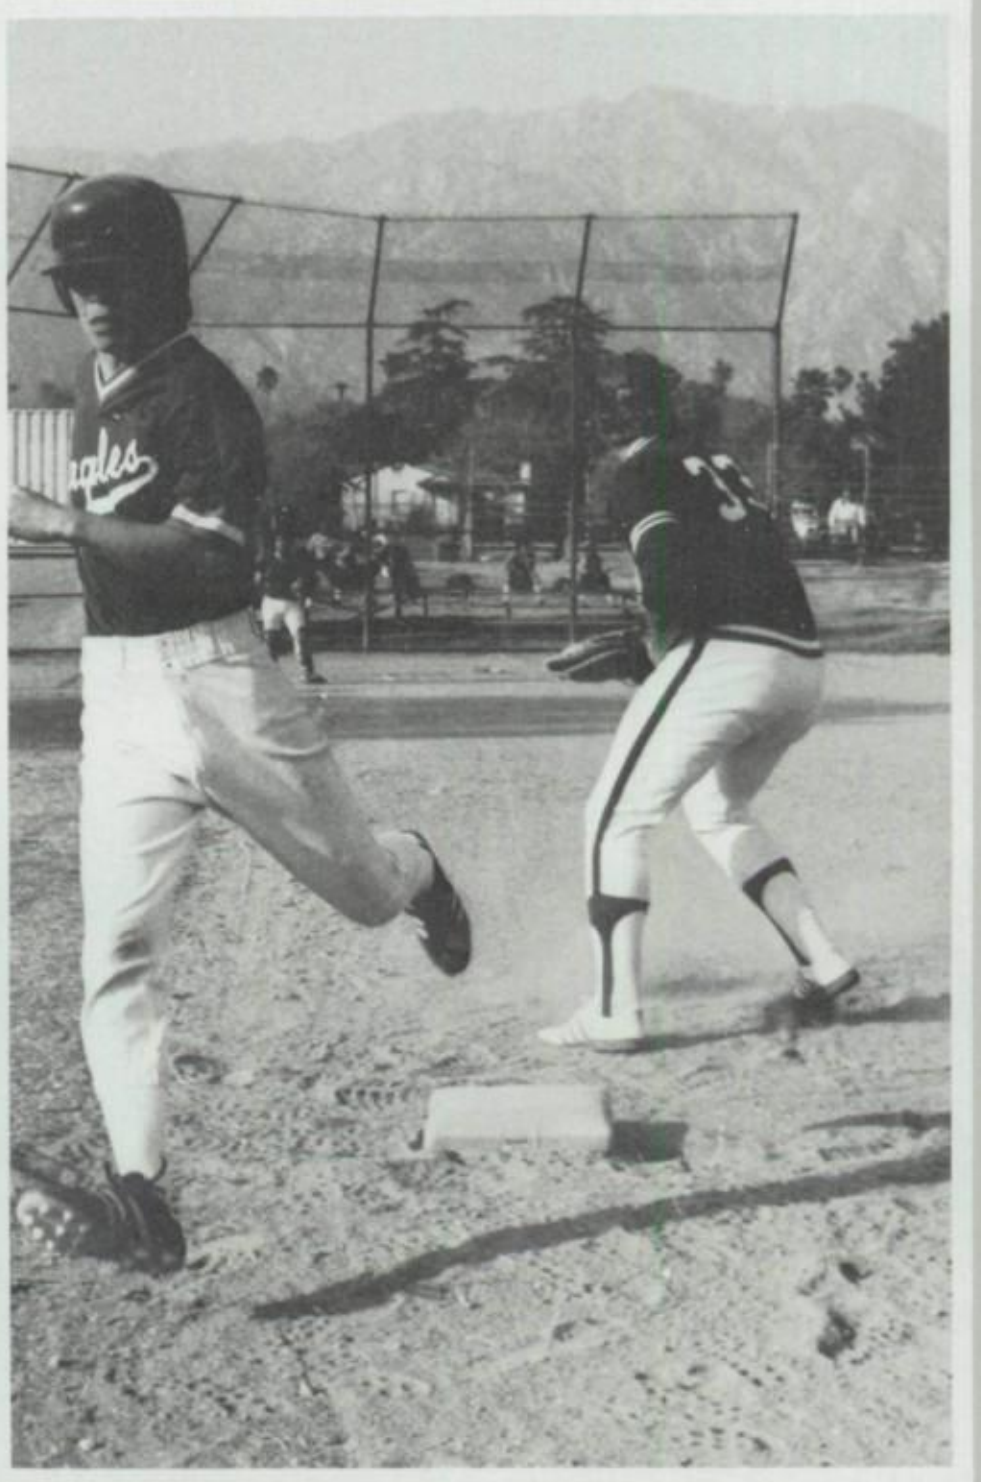
Marshall's J.V. softball team, refreshingly new, started the season off on the right track, with the coaching ability of Ms. M. Smith. The team consists of mostly all Freshmen. From the looks on their faces, their enthusiasm more than makes up for any of their shortcomings.

Swinging Into

Well, our girls did it again. They completed another great season of softball. The season may be finished but, the girls are still trying to wash out the dirt and grass stains from their pants. It can be said that the dirtier you are the harder you played. Well, if so, Mr. Sullivan coached the hardest playing team in the league. Good Job Girls!!!

On First





The 1984 season began with many new faces including J.V. Head Coach Mark Miller. Coach Lindbloom says about Coach Miller, "Coach Miller comes from a real baseball family with a great knowledge of the game and an interest in working with young athletes." Coach Miller strives for excellence and words very hard to achieve his goals. Coach Lindbloom said, "We are very lucky to have a J.V. coach as qualified as Coach Miller."

Coach Miller greeted about 30 young hopeful athletes at the beginning of the tryouts. A team which was dominated by Freshmen, shows much promise for the future.

Early in the season, outstanding performances were turned in by David Adams, Bryant Anderson, Hovel Babikian, all Freshmen.

The outlook for the 1984 J.V. Squad is very encouraging with so many good young players.

VARSITY BASEBALL

The 1984 Mighty Eagle Varsity Baseball Team entered a new season with vision of much success.

John Hampton, Tim Barnes, Ivan Pacheco, and DeWayne Johnson all returned from last years' squa, to provide a small but experienced nucleus.

Newcomers included Pablo Avalo, Tribbian Blow, Tim Church, Isom Cox, Corey Dantyler, Mike Dahlgren, James Dickson, Sean Hughes, Ed McCloud, John Moore, Jein Senoe, and Chris Stanton.

The Varsity opened the season with victories over Cathedral and Southwestern Academy. Against Cathedral, Tim Church was the winning pitcher with 12 strikeouts in a close 9-2 game. Against Southwestern Academy, Marshall rolled to a 14-1 victory with Sean Hughes pitching a 6 inning no-hit game with 10 strikeouts in the 2 games. Tim Barnes went 5 for 7 with 2 doubles and scoring 5 times. For the Southwestern game, Mike Dahlgren was 3 for 3 with a homerun and a double. In both games, Ivan Pacheco turned in outstanding defensive performances along with John Hampton.

With a young team off to a great start, the future of Marshall Baseball looks very bright.

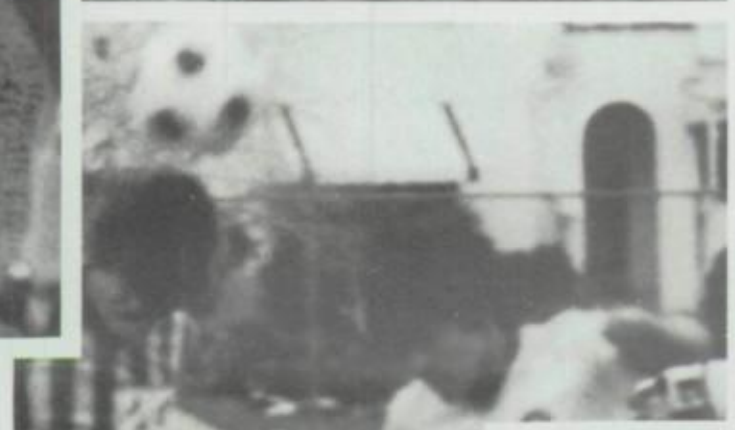
Their GOAL!



Marshall's J.V. Soccer season has carried on the tradition of new faces with promising talent. This year the soccer team was virtually undefeated in every game they played. Their style was unique and full of enthusiasm. Each player worked to their full potential and made winning look easy.

The 1983-84 season brought with it some new changes, one being our female player Camille Jones. Last year she had the opportunity to play towards the end of the season only because her managing of the team permitted it. This year she was a full time recruit bringing inspiration and new dimension to a sport that is dominated by men.

Having gone to CIF Playoffs for the last five years, once again with the management of head coach Dirksen and coach Burke, the prospects look promising. The Marshall Soccer team, with such a variety of skills, attitudes, and desires, makes for this a winning team.

This year Marshall looks forward to beating its first place rivalry, LA Baptist. The Eagles are also looking forward to challenging games with teams like LA Lutheran, Maranatha, and Montclair Prep.

Marshall J.V. Girls Basketball — Fundamental excellence.

The girls J.V. Basketball team started their season with little or no experience. As their season progressed the continual hard work proved to be a contributor to the teams success.

A pre-season game highlight was a close victory over Crosstown Rival, Blair at Pasadena High School.

The teams constant hard work on fundamentals and court discipline proved to be deciding factors in their leagues success. The league season ended with three consecutive victories over L.A. Baptist, Western Christian and Village Christian which earned the team a third place finish.

April Smith and Gigi Parrish led the season. Angela Gonzoles, Chris Bennett, and Eulia Lizaola all made substantial contributions with their ball handling skills. Mimi Perrish excited the team many times with her outside shots and Veronica Salas played outstanding defense and showed tremendous bustle.

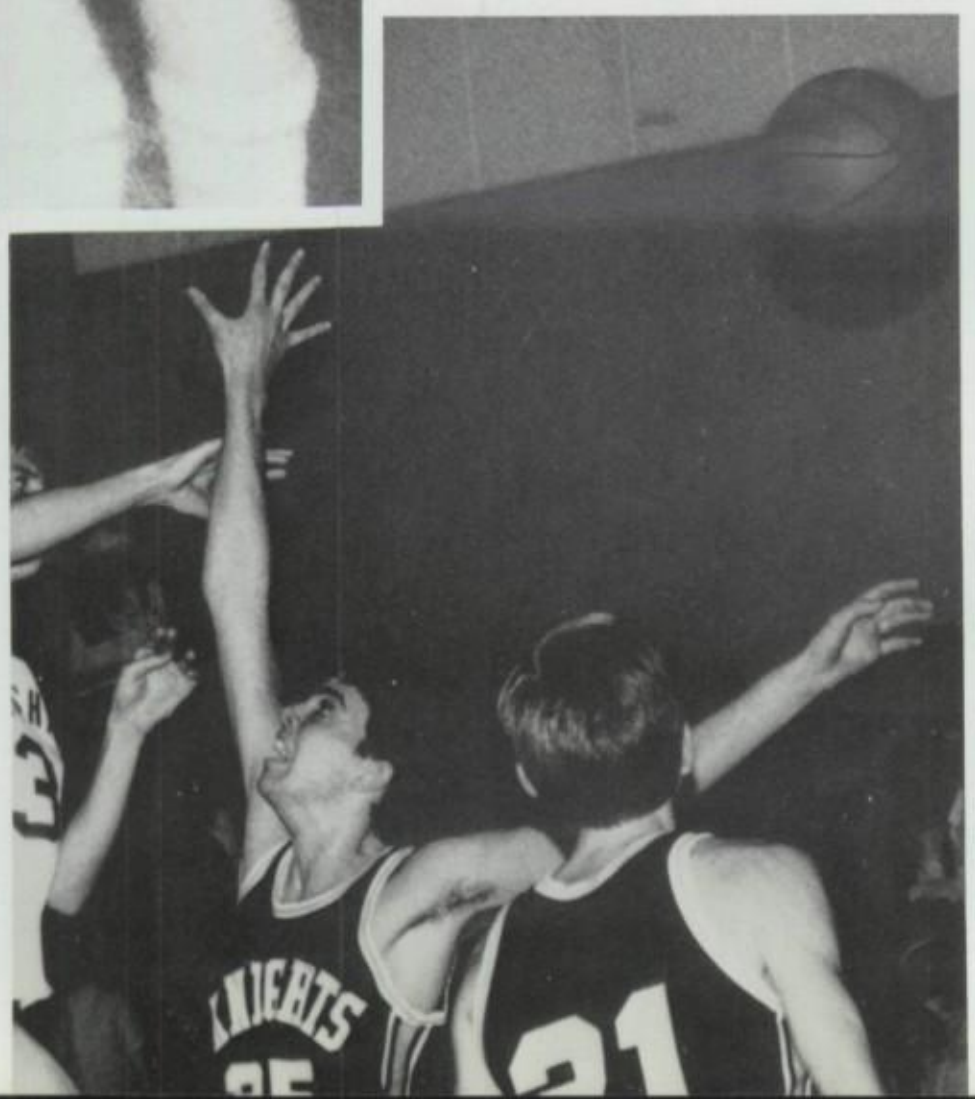
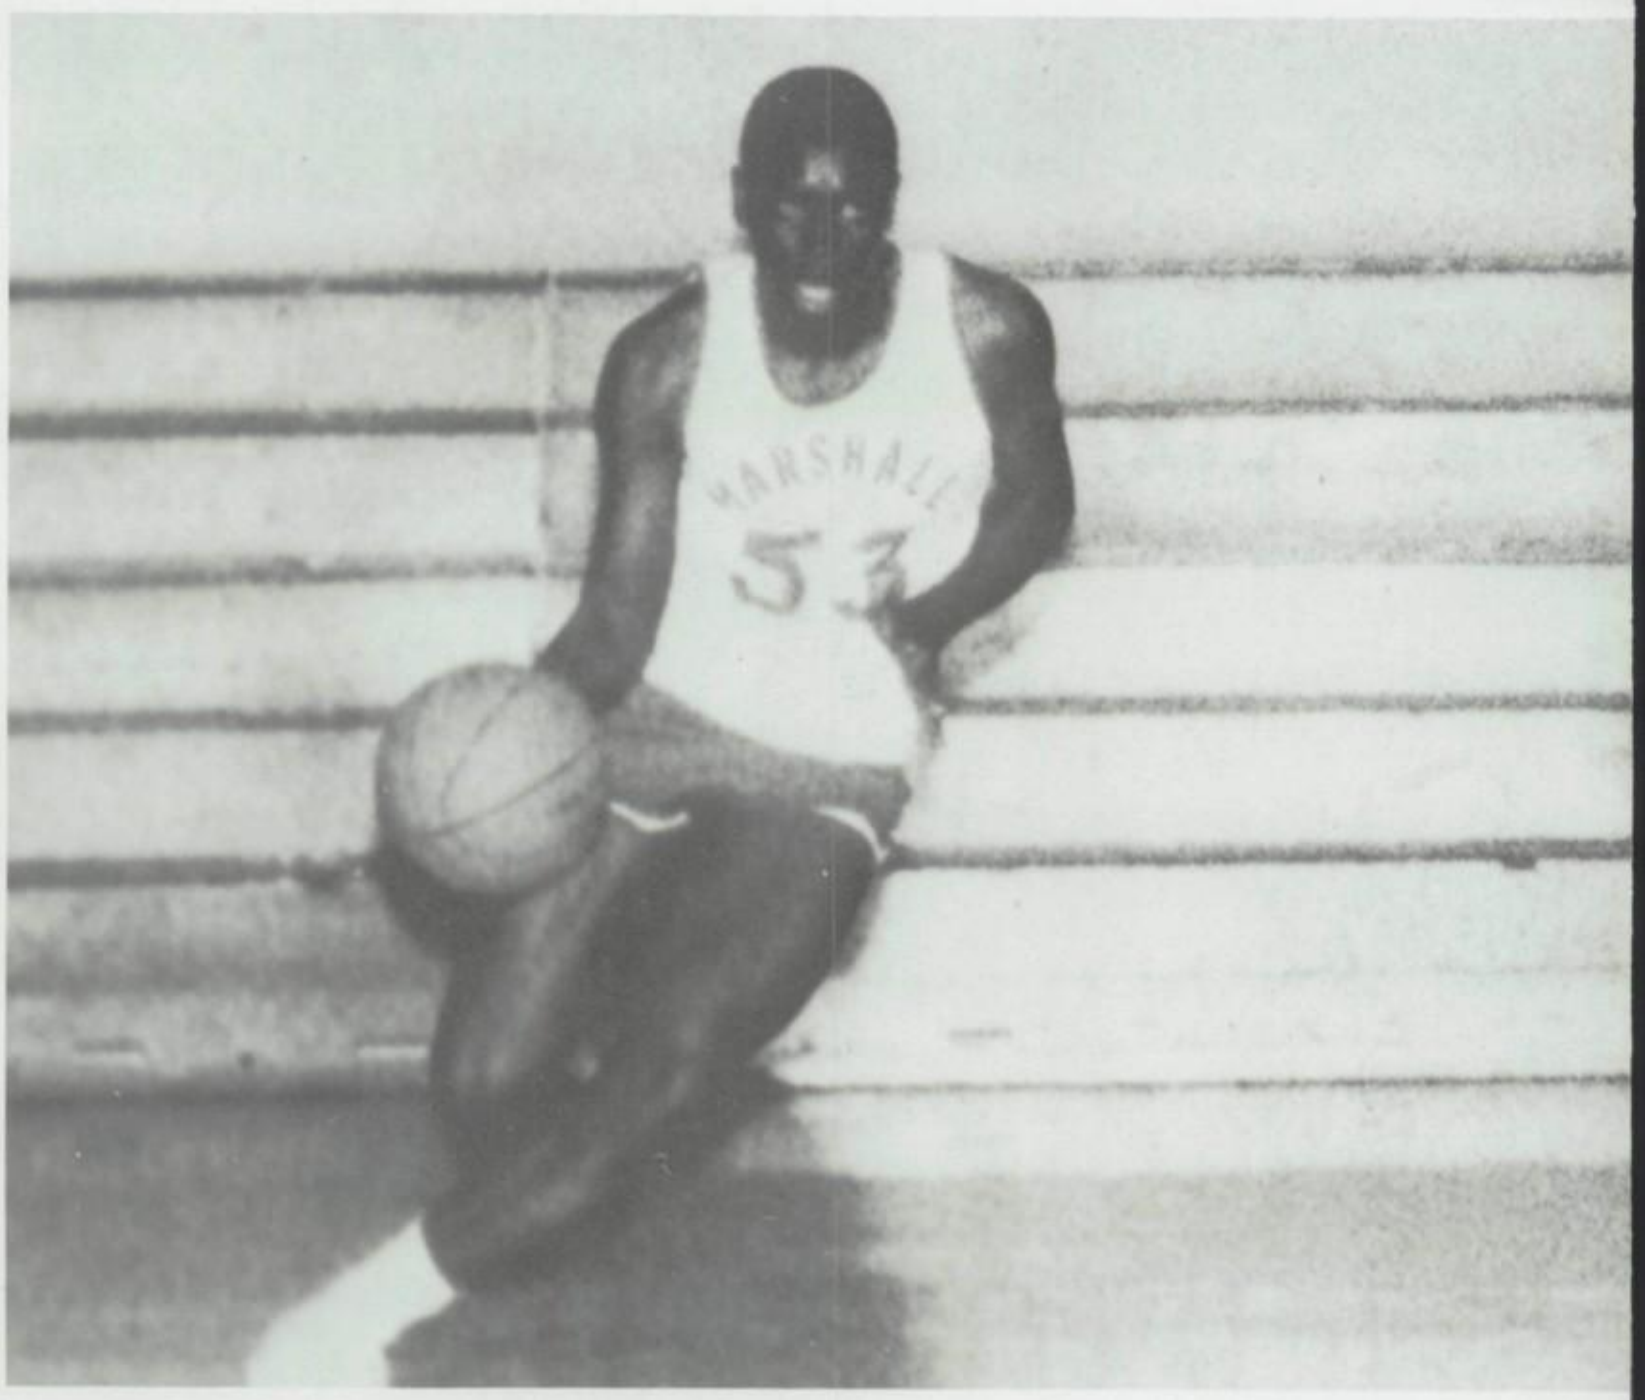
The Right Moves



JV's Got All

Under the guidance and expertise of their fearless leader, M. Sulivan, the Junior Varsity team of '83-'84 showed once again that the Marshall Eagles have the knowledge and the talent to someday become C.I.F. winners.



The Way

Marshall's Varsity Boy's Basketball team is again privileged to have the coaching abilities of W. Ellis. This year's team consisted of players who showed much effort as well as enthusiasm. They had the skills and abilities to prove what they really were made of. As one of the coaches at the Poly Tournament stated to his players: "Marshall has the hunger to win . . . "

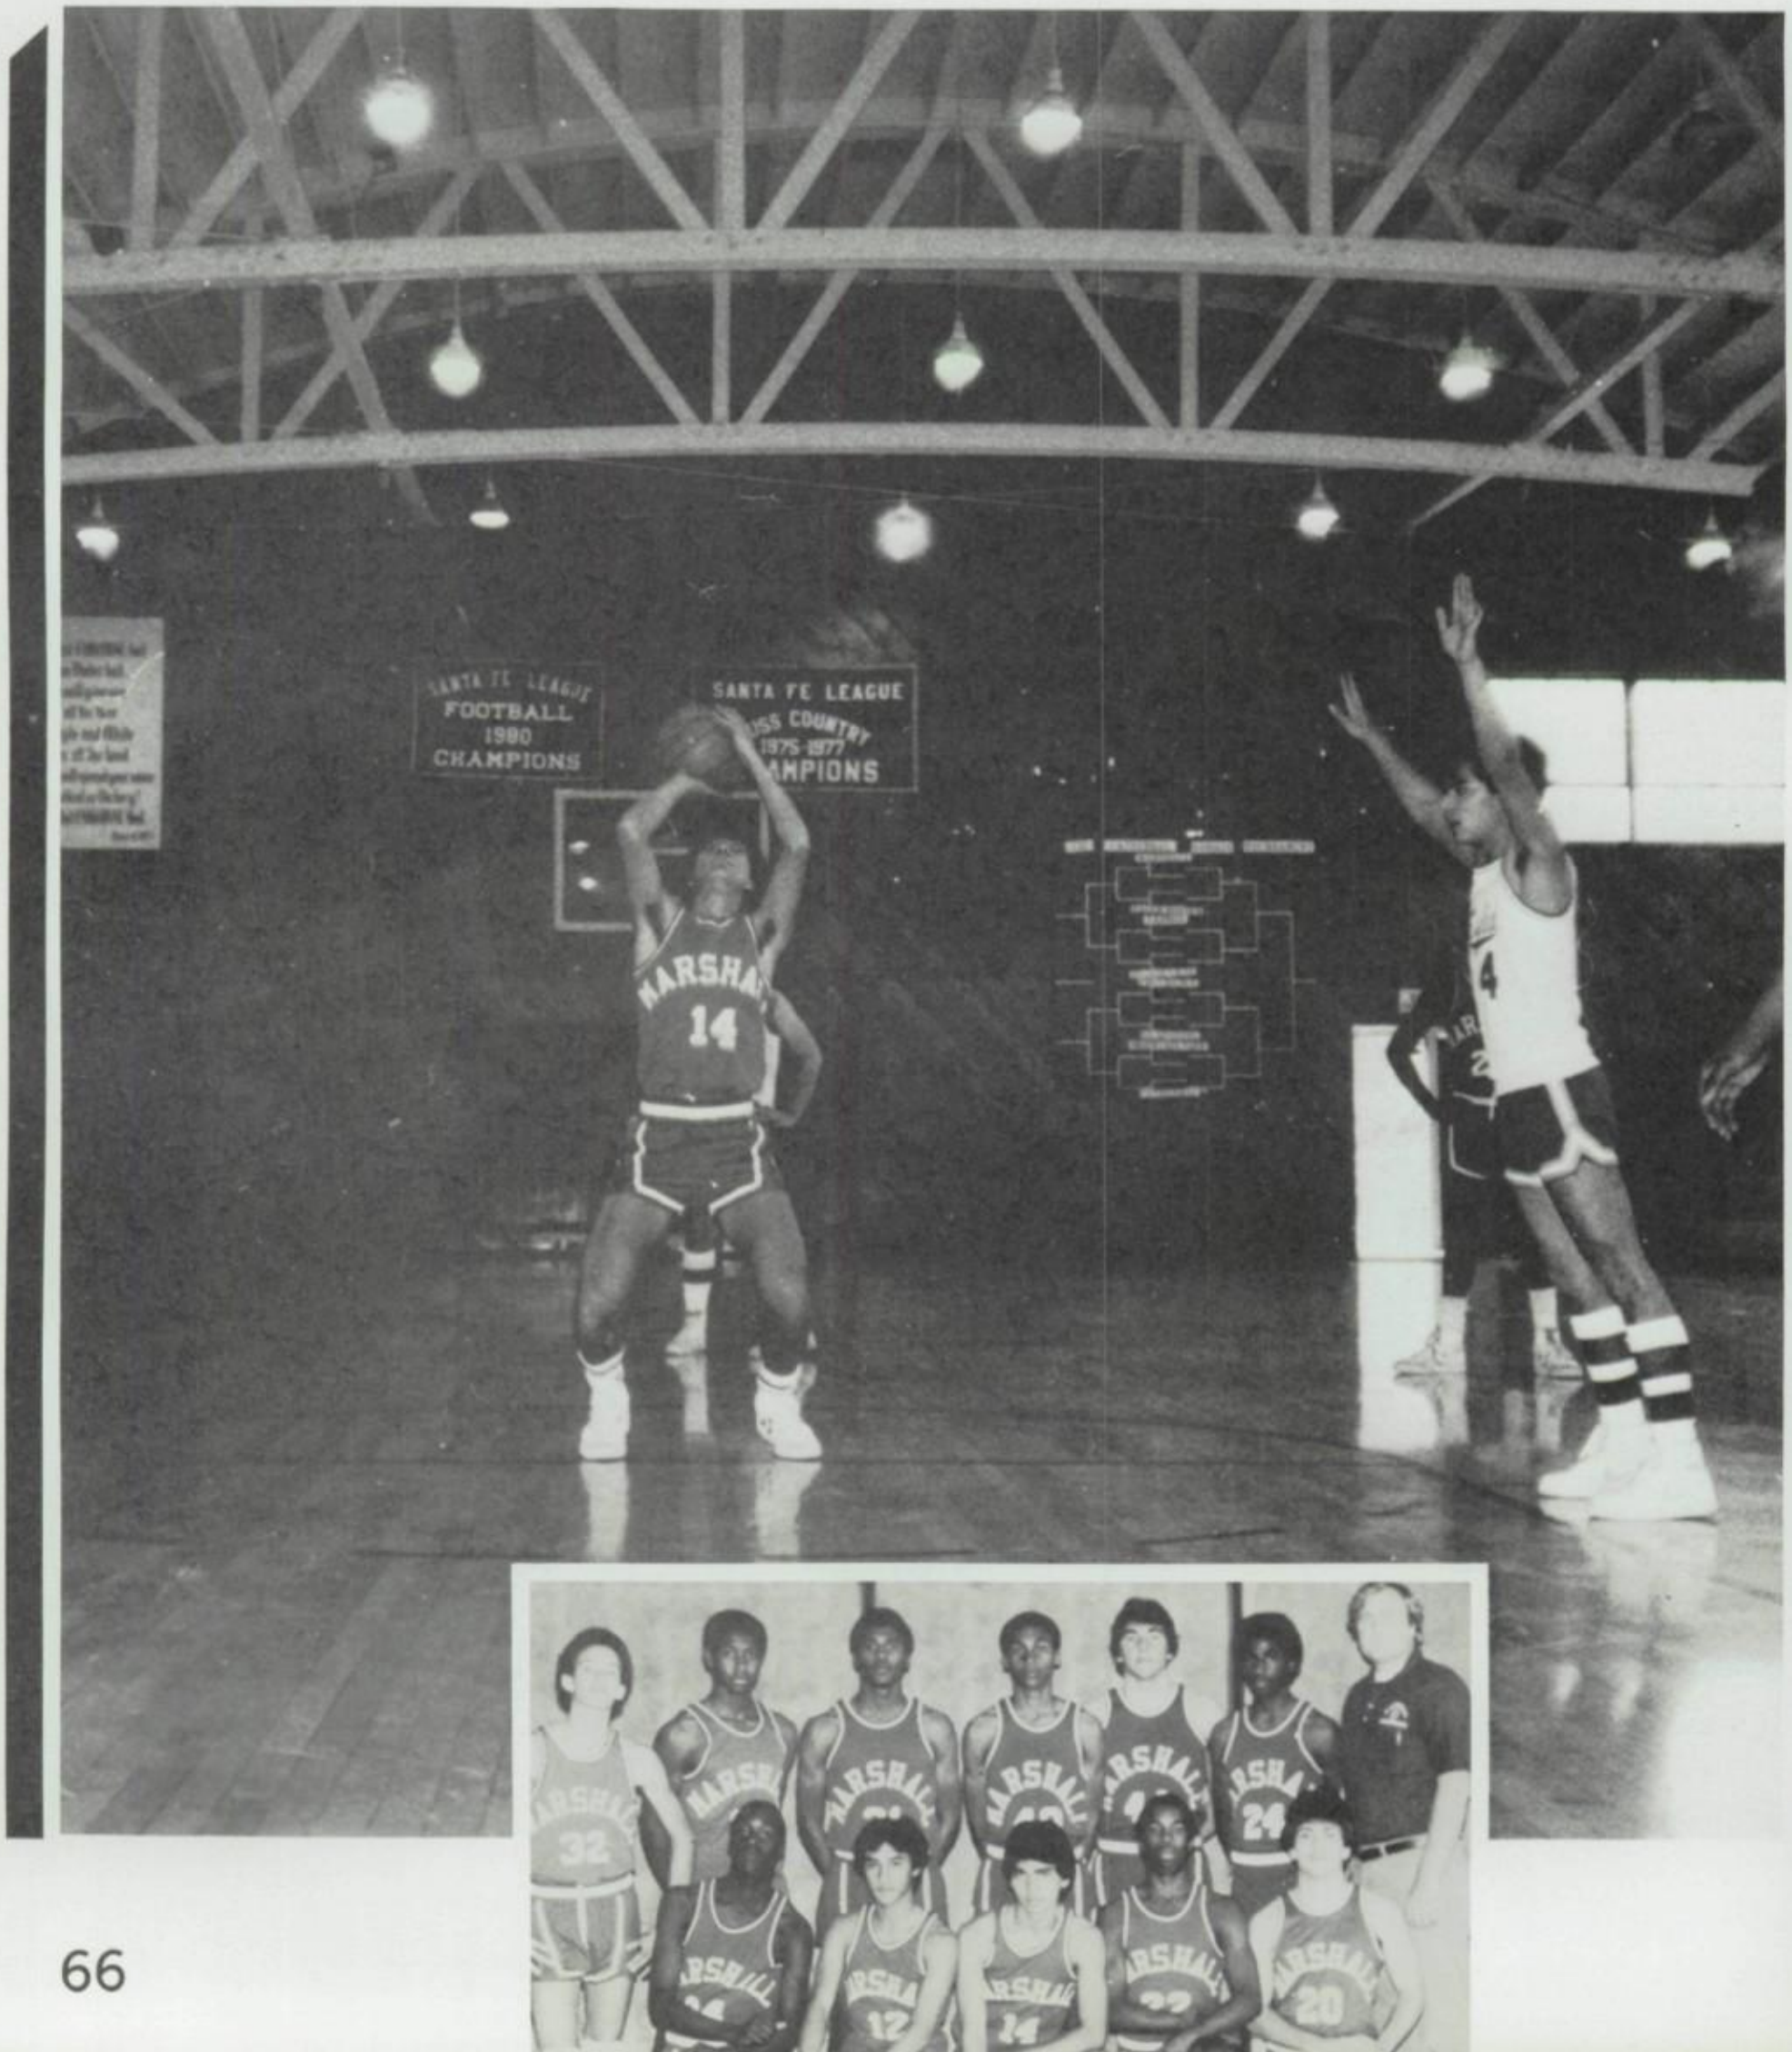
Varsity Leads



This year's tennis team has had an eventful season because there was no JV team. All of the players were placed on Varsity and worked twice as hard to achieve success. They all showed up at the games with a great deal of Marshall spirit and enthusiasm. Again Gene O'Neil coached the boy's team as he did the girls, giving the players good advice and lots of support. We hope that the team and all future members will keep the Marshall spirit alive.

This year's tennis season was made more demanding due to the fact that all players were put on the varsity team, whether they were new or experienced.

The girls put a great deal of effort into strategy and individual improvements by practicing hard after school under the guidance of coach Gene O'Neil.

Coach O'Neil worked diligently with the team making them play sets against each other and simultaneously giving valuable advice which helped the team win their matches.

The team also enjoyed going to other campuses which included Mayfield, Chadwick, Poly, and Westridge. "We found the other tennis players really nice, considerate, and fair, which made even the worst matches fun."

As this year's Marshall tennis team looks into the future, we hope that all future players have just as an enjoyable and prosperous year as we have had.

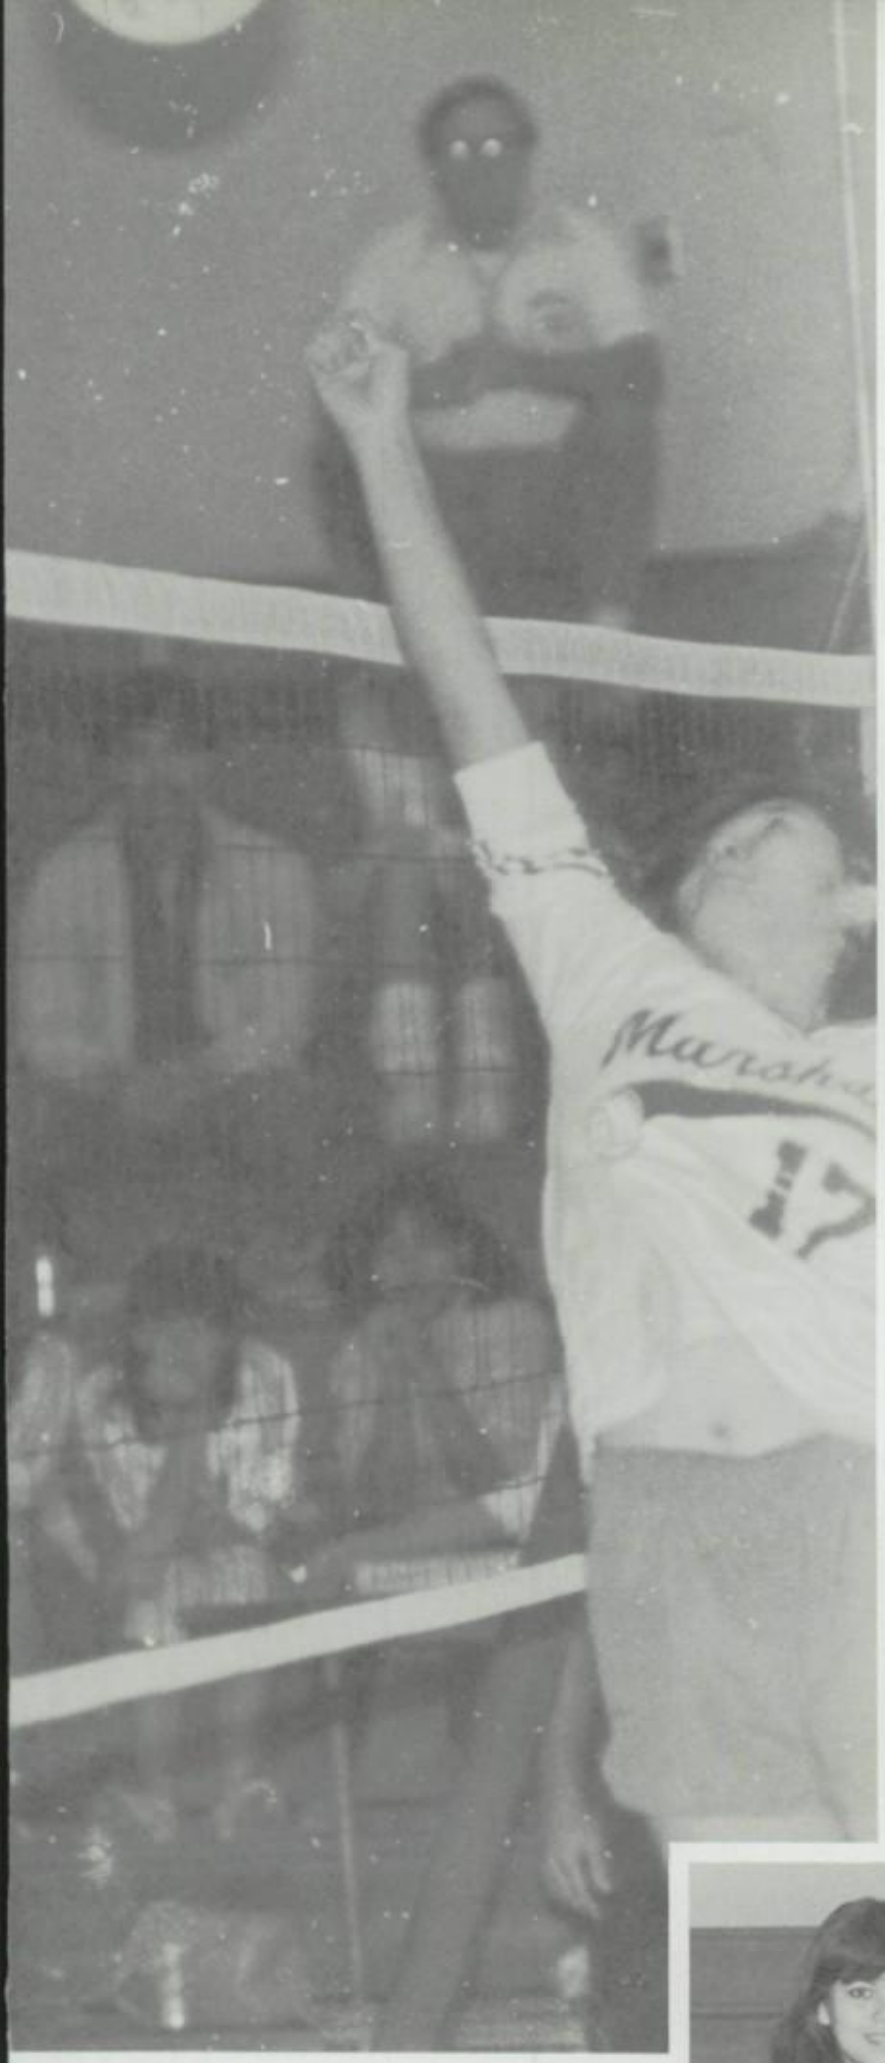
It's An Adventure



With only two returning lettermen and the rest former J.V. players, Marshall volleyball team did a commendable job, thanks to coach W. Ellis.

Pre-season was slow, but it was what they needed to gain unity as a complete team. When league started, the players showed their potential and their ability to handle competitive situations. The chance of CIF playoffs was a game away, but was lost towards L.A. Lutheran. Nevertheless, the players did not lose their spirit and came back to win games over Village Christian and Montclair Prep. They ended the season in a grieving match against the number one team in league, L.A. Baptist.

Cross Country — a sport that puts one's mind and body to the ultimate challenge.It is a sport when an individual's trials and triumphs contribute to the team's success. Quitting bears no meaning to a runner. He simply endures the pains and the agonies as he pushes his body to the limit.

This year's team, as Coach Pruitt says, was faced with the challenge of having a "rebuilding year." With only four returning lettermen, the team trained three to seven miles a day running on everything from streets to their home-course in Eaton Canyon. The boys team proved equal to this challenge, and ended their year with a season total of three wins and three losses. Team members include: Danny Habel, Juan Oyaga, Drew Syphus, David Whitmore, Stanley Hsu, Linh Nguyen, Steve Smith and Keith McCowan.

The girls team was primarily comprised of five girls: Yoshi Wronge, Clara Pupo, Becky Spriggs, Anne Parker and Candy Knight. The girls squad, although unable to compete in all meets, were still a fine example of "Mighty Eagle Power."

Just who are the Eaglettes? They are the newest edition to the spirit of all Marshall Eagles. With their smiling faces and energetic movements they present Marshall spirit in a totally different way. "What is this?" you may ask. Well, one would have to see them in action in order to taste the new spirit that they so soulfully provide. This is the first year of the Marshall Eaglettes. Formation of this great unit took special time, care, and love from Mrs. Conrad. It was her project and she worked her whole summer to make the Drill Team dream a reality. Mrs. Conrad worked very hard as did her girls, yet to ease the workload two Co-captains were chosen for the unit.

These two young ladies are Keena Bowie and Marina Taylor. The dedication which all the Drill Team members put into their work has really paid off. Marshall's spirit is growing stronger with the help of our 24 body Drill Team. Thank you Eaglettes, we couldn't have made it this far without you.

The quality of spirit in the 1983-'84 school year was greatly contributed to by the cheerleaders. The varsity squad was comprised of seven talented members: Hilda Salas, senior; Tracy Meier, senior; Michelle Ware, senior; and Mariama Changamire, senior. Also included on the varsity squad was junior Mary Lemmon and sophomores Beckie Dahlgren and Meliza Mayo. Working with the varsity to help school spirit were the junior varsity consisting of: Nicole Turner, junior; and sophomores Michelle Campbell, Tonya Smith, Kyra Bowling, Hermine Vartanian, and Andress Walker, also freshman Melanie Ellison. Together these fourteen girls did an excellent job in supporting the teams and making the '83-'84 school year a great success.

Full Bloom

The quarter finalists from Marshall were Ronalyn Taneal, Toya Harris, Thuy Nguyen, and not shown, June Newton. Our girls had been a couple of the 269 girls who had been chosen out of 979 in the beginning. Although they didn't make it to the semifinals and beyond, we are still very proud of them for their courage and competitive spirit.

Our girls were some of the most beautiful girls who tried out. They represented the Marshall quality that every female should encounter. Their trying, nerve-racking, and beneficial disappointment was a positive learning experience that will be a self-reward in the future.

Junior Varsity spring practice started off late . . . Strenous summer practices, however paid off with their first game ending in a victory. Our team started off confident and enthusiastic. They didn't anticipate the full force of their upcoming opponents but once into season play they realized they were outweighed.

The fact that they didn't have the experience of upperclassmen was a great handicap . . . To many of the players, this season was their first introduction to football. As a result, the team consisted of mainly Freshmen. They learned that more experience would have been valued.

The Marshall Eagles Varsity Football Team put 200% into making the 1983 Football season the best that they could.

Their opponents in the Alpha League this year were: Maranatha, Village Christian, LA Lutheran, LA Baptist, Western Christian, and Montclair Prep.

In pre-league games they played: Sierra Vista, Pater Naster, and La Verne Lutheran who we were victorious over with a score of 13-0.

Despite all the injuries on the team, they also had staff who introduced an entirely new offense line up and strategy.

This year's team was combined mainly of Juniors. Last year's Seniors dominated the starting line up with the exceptions of David Bowman and Danny Telliano. Next year we can be looking forward to a more experienced Senior team.

SENIOR MESSAGE

There are places and people we remember all our lives, and as graduating seniors in 1984, we know our years at Marshall will always be a source of pride and pleasure in the future.

We've done it all: We have laughed and cried, grown in knowledge and experience through all our classes, cheered the football touchdowns, participated in class elections, plays, dances, and science fairs; we've also plodded, but at times we have enjoyed sudden insights.

These years have come to an end; yet we are facing a new beginning. Each stage of our lives becomes a new opportunity to respond with new interpretations and discoveries, new goals and rewards. Even though it will seem sometimes that there are a thousand shifting shadows, the story of our lives is being written by each of us.

Let us not limit our goals. Let us be found worthy of life and the world which has been granted to us. Let us make of them what we will.

With The Class Of 1984

What is a Senior?

As you promenade the campus grounds of Marshall High, you note the different kinds of Seniors that seem to preside over the campus. They are: the "Brainies," the "Intellectuals," the "Socies," and the "Goof-offs."

But no matter which type you are, to be credibly entitled a Senior, you must be ready willing, and able to excrete blood, sweat, and tears. We all know there is no great achievement that is not a result of hard work and patience. You can't get something out of nothing and "US Seniors, really worked our buns off this time! That's why "We're Seniors." Being a Senior means "hanging in there . . . "

"When the going gets tough, the tough gets going." We "hang in" or "hold on" to the finer thread of life. Of course, "US Seniors" know that high school is not only the time to learn the facts of Geometry and Geography (so ya flunk it, big deal). It's also the time to get to know each other, and learn how to love. Upon the climax of our love at the peak of our youth, we must come to a rude awakening: we realize we must go our separate ways. We must go on with our lives, leaving the trails of broken friendships and unwanted tears. We need to walk the path set before us. We leave with unanswered questions: shall we meet again? what is to become of us? how can we live without each other?

We will never forget the many dark moments that have covered our lives. Growth and much endurance helped us overcome the pain to finally grasp the light at the end of the tunnel; GRADUATION.

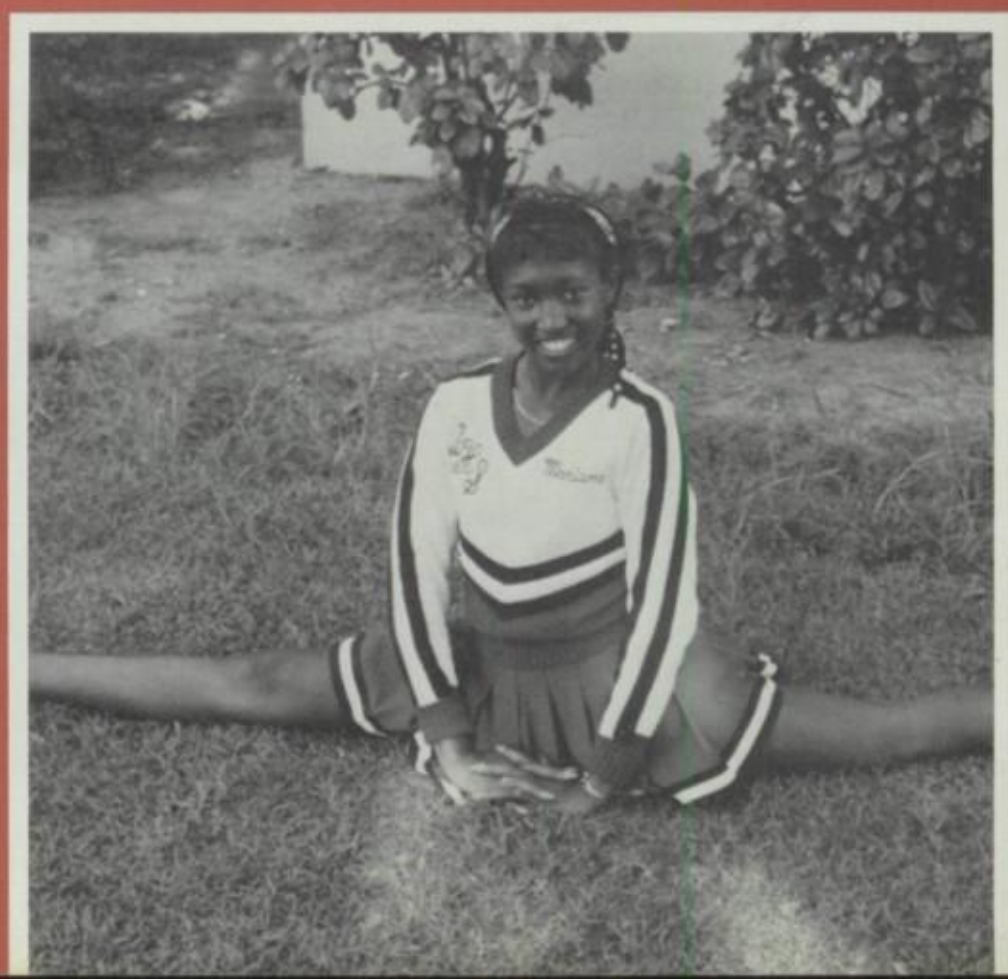
As A Man Thinketh

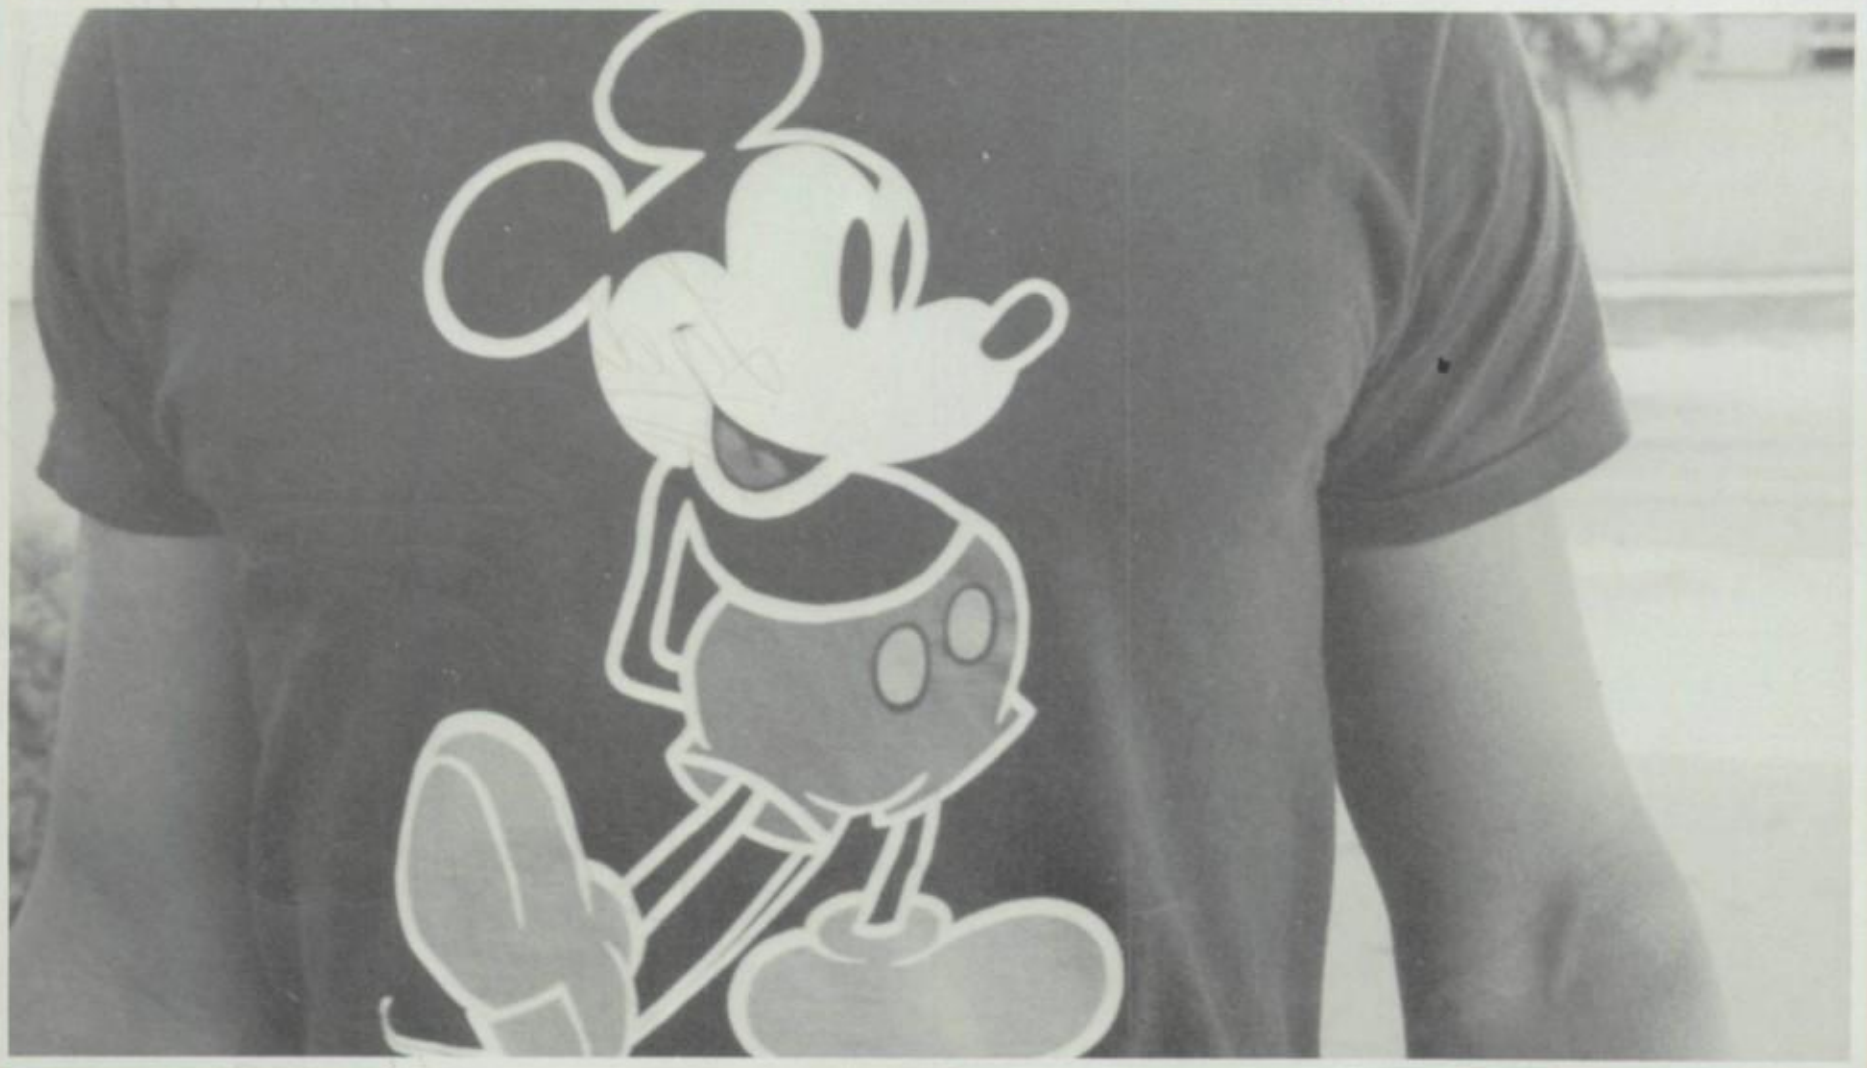
Imagine painting faint silhouettes
At twilight,
Yielding plates of beauty and frescoes
that excite,
An unbrindled enthusiasm
Comes bursting
Into you, that apprentice artist
No fledging

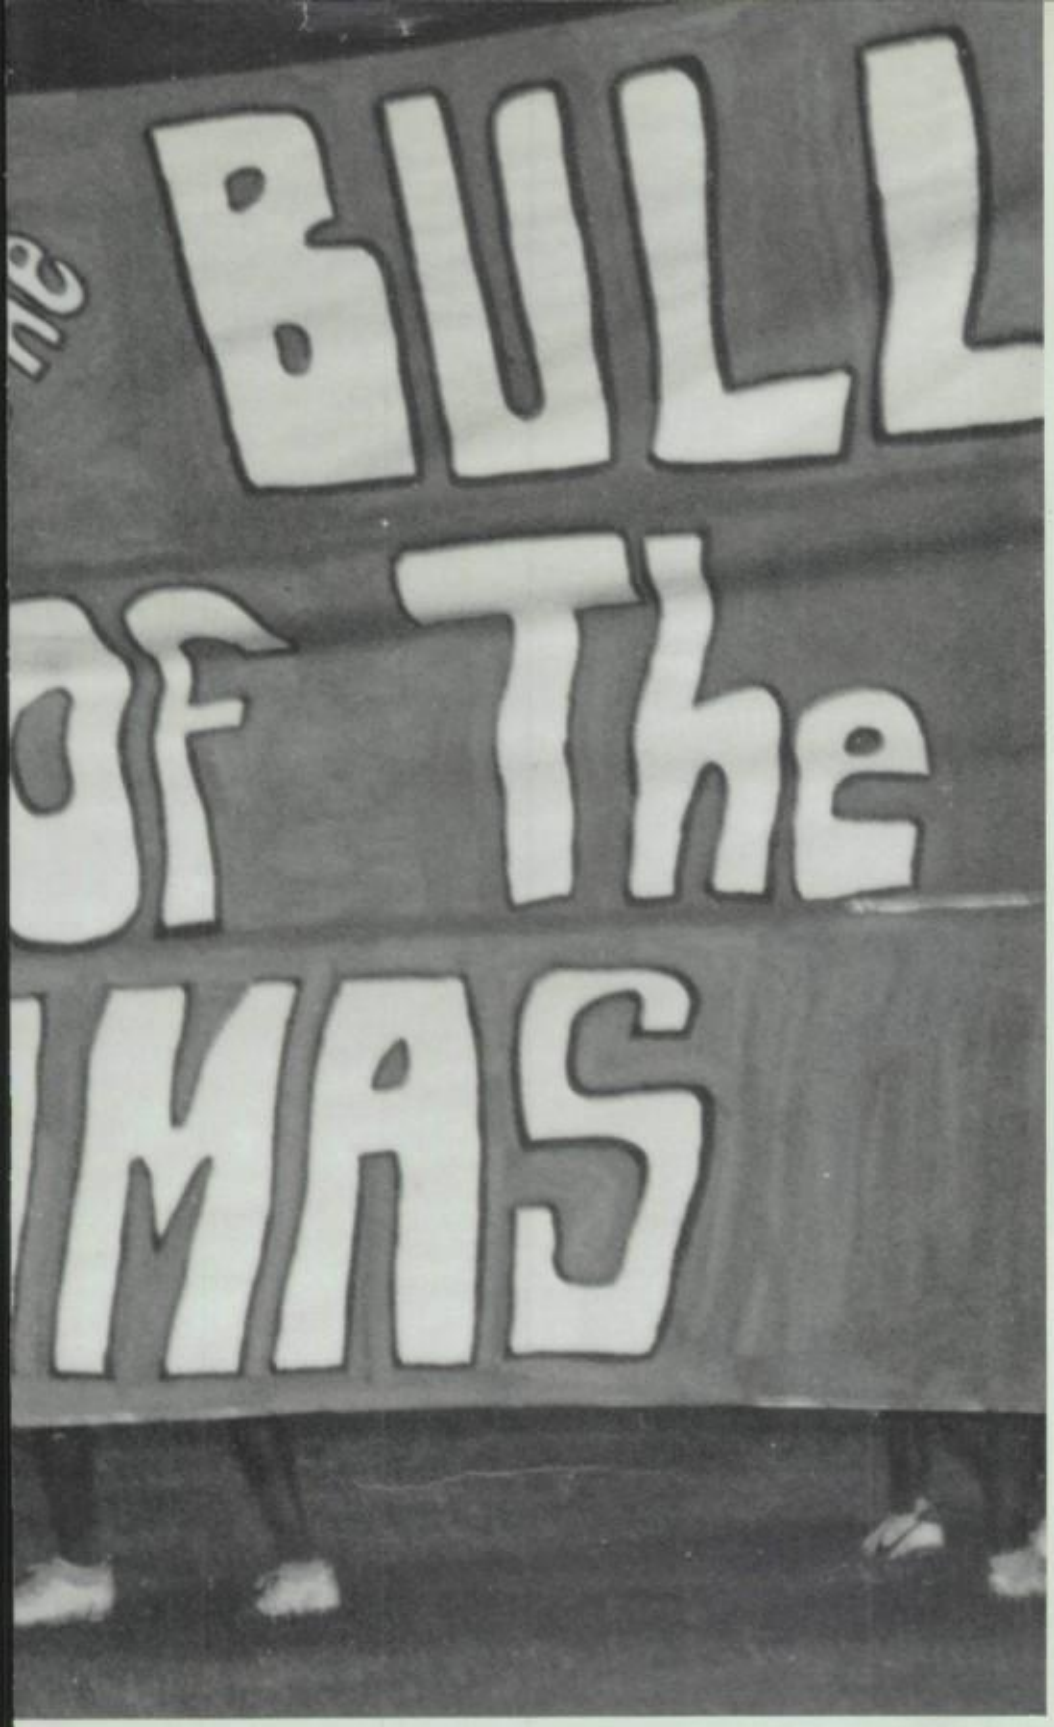
See yourself flipping, kicking leaping
Into thin air,
Pompons dancing, trumpets blaring
almost everywhere.
Practice that cartwheel and when you
land It's all plain,
You'll be that cheerleader way ahead
Of the game.

Know you author pithy prose, others to
Benefit
Believe you're a writer, veritable
With all With.
Write that dream tale now of princesses
Or of elves.
By daybreak find it glorifying
Bookseller's Shelves.

Dare to dream to be someone you wish
Most of all,
Alter dark feelings, resentment, lest
You would fall.
Get that deep-inside feeling, you're
winning And you'll be,
For as a man thinketh in his heart
So is he.







Once upon a time, I was walking down a desolate road to nowhere, then all of a sudden I found myself in a place called high school. The first thing that came to my mind was "I must survive!"

It was early morning and my mind was still in bed. Instinctively I remembered the primeval law of "survival of the fittest." My guard went up, but I was safe.

As the morning progressed, my pulse raced as I saw people, to my surprise, appear on the premises. "I wonder how they will react towards me when they see me," I asked myself. The day progressed.

I was fairly new in the city; in the country in fact; lack of vanity in the community. Nobody seemed to care if they were wearing sleeveless T-shirts, torn sweatshirts and faded blue jeans.

There were a few self conscious people who were known as "Preps." But, they had problems of their own.

Who ever heard of sunglasses at night?

Talk about non-conformist! There were Modernists, Mods for short, and they all seemed to have identity problems of their own. Actually, they were interesting, creative, in fact.

But, the most fascinating people I found were the ones who listened to "soul music." The irregular beats and syncronized sounds of the musicians did something to everyone. When the music went on everyone seemed to occilate at a very low frequency. A sort of thumping motion.

As I left the school, I thought back at how all these different people could live together. Some day I'd like to return to this place and, as they say, BE THERE.

On Your Own

If you can trust yourself, though alters doubt you — And conquer fears that limit what you dare — So you can freely give to those about you — The skills and talents that are yours to share — If you can live, not for pleasure only, — But, gladly lend your gentleness and grace — To warm the hearts of those whose lives are lonely — And help to make their world a better place — If you can balance dreams with practicality — And deal in facts, but never losing ideals, — If you can face the harshness of reality — And find the truth that prejudice conceals — If you can be courageous when defeated — And humble in the face of victory — Or give your best until a task's completed — However difficult that task may be — If you can temper facts with understanding — And seek to gently guide, not to control — And neither to be too lax nor too demanding, — But keep in mind the worth of every soul — If you can strive, not caring who gets credit — And work at building bridges and not walls — Or bearing idle slander, just forget it — And never fail to help someone who falls — If you can give your help without begrudging — The patience, time and effort you impart — Or look at others' weakness without judging — And see, not with your eyes, but with your heart — If you can take resources that surround you — And use them in the way you should — You — will be a better individual . . . and all those around you — Will be richer!

US NOW !

We all seem to forget that teachers, are seemingly flawless mentors and part time parents, are human . . . Well, this year, they remind us all of that fact.

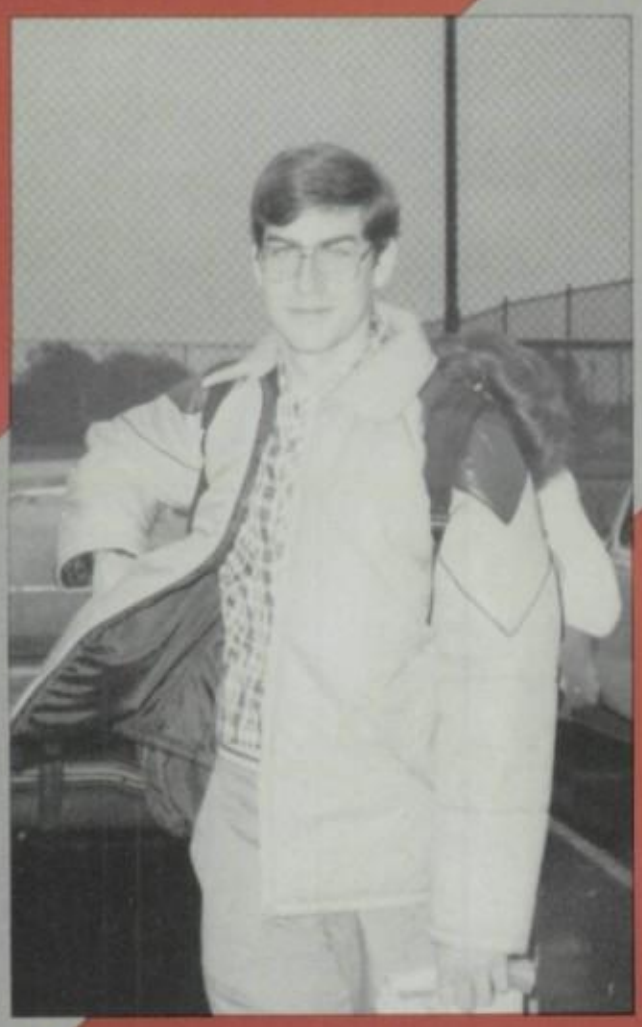
Teachers, however unprobable as it seems, do not just fold into the woodwork after school. NO!! But they do need their daily bread to survive just like the next fella . . . And did they ever remind us of "that!"

Marshall teachers, in their own way, revolted against the "system." Some of Marshalls best could be found walking the sidewalks in the wee morning hours, as can be seen, Mr. Reynolds, Mr. Oneil, Ms. Davis, Mrs. Channel, Ms. Radu, Mrs. Herr, and Mr. Martin.

Even Mrs. Hazard could be seen, or rather barely seen, with her picket covering her face, holding her own, walking with the rest.

But the one we'll all remember is Mr. Myers; the leader of the pack marching with his picket held higher than all the rest and his defiant stride seemingly crying out to the world, "I refuse to be walked on any longer!"

It was a time that will not be easily forgotten . . . And THEY were there!



Aha, we see you hiding back there Becky!

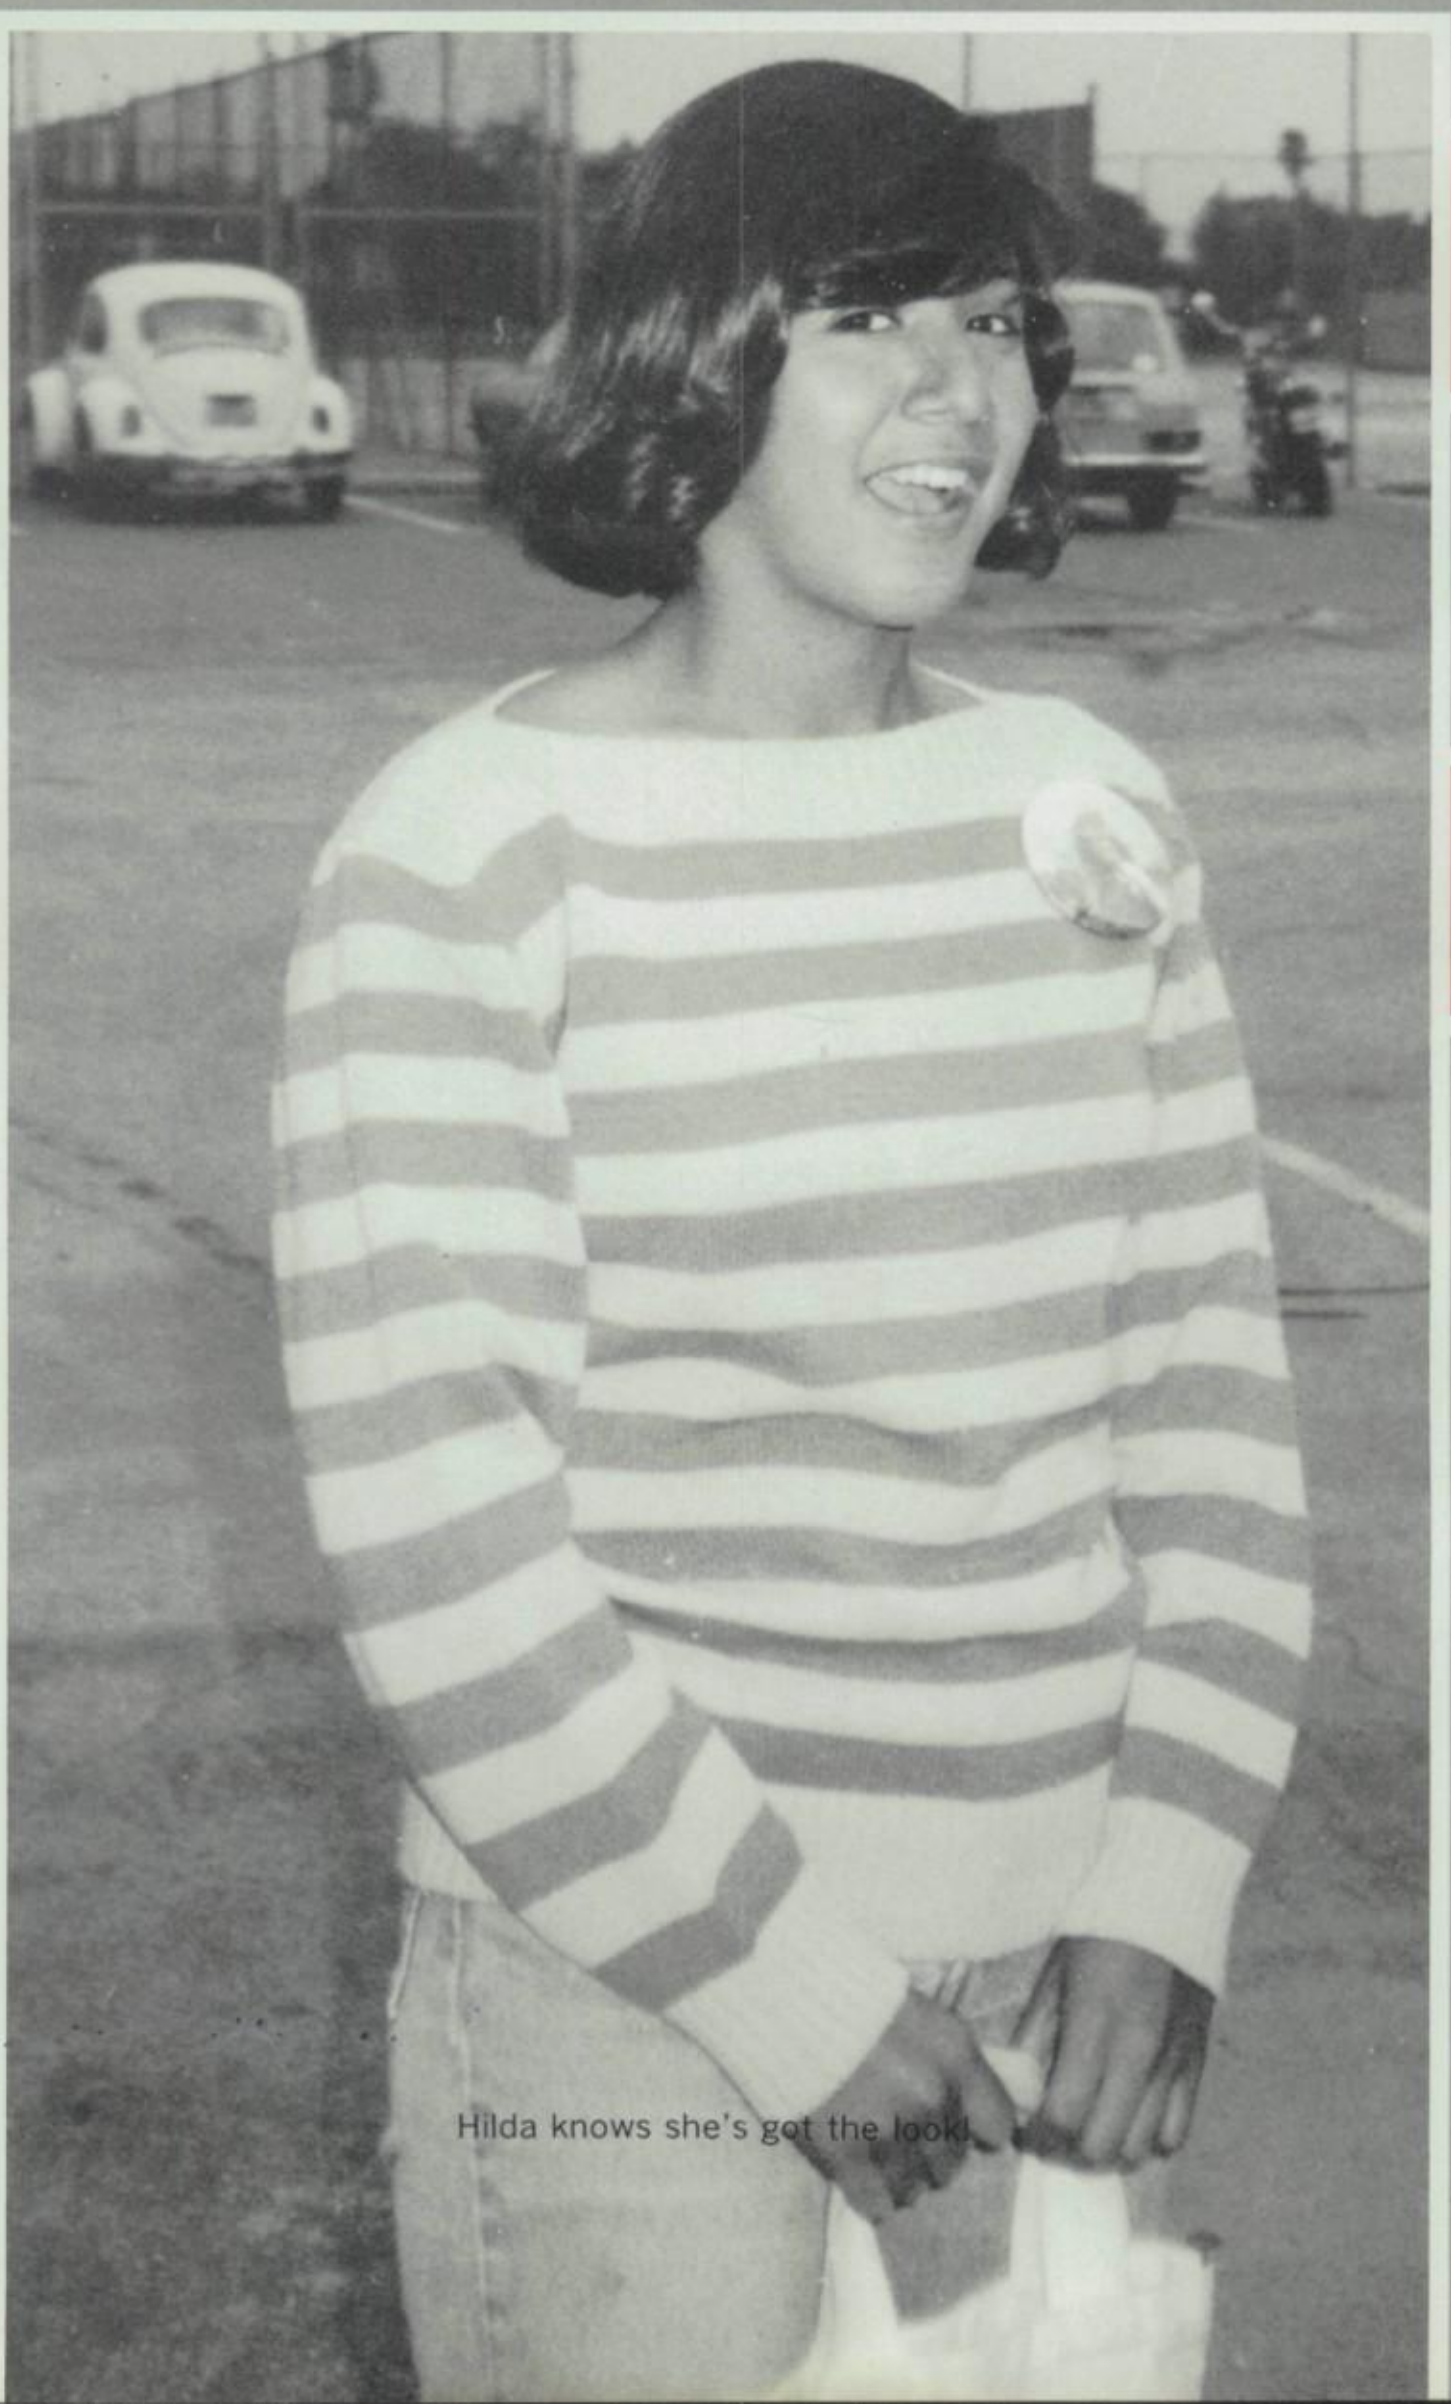
BE THERE - LIVE



Hilda knows she's got the look!

The 1983-1984 school year has been filled with people who have "the look." Have you ever noticed that these people are always somewhere doing something? They are either playing sports, working on a newspaper or a yearbook, involved with clubs, or even a devoted sports fan. So, Be There, "live and in person" for "that look . . . "

That Special Feeling At MFS

Be it rain or shine, Marshall High School goers are always there to brighten up your day. Just a little smile can go a long way. We know we're here to make Memories — we might as well make them good ones, because this school will stand as it has through time, but we will leave taking the Memories of it with us.

Life may be painful to bear — but that's why we have friends to ease the pain. They divide our sorrows and multiply our joys a thousand times, but we only have four years to sit back and unconsciously ignore life's poignant paths. Then, the real world, a world of real pains and agonies, and tribulations.

As we make our mark in the world, as we climb that ladder of success and venture on to new heights and broader horizons, we must not forget the little smiles we used to share. We should take it amongst ourselves to help those that are in need of friends. For once upon a time, in a school called Marshall High, we shared the same smiles to ease the pain and to brighten up a day, be it rain or shine . . .

To Greg

Well what can I say. Greg even though I don't call you that don't mean that I don't like you. I barely see you at school because I don't have any classes together. So I can't really talk to you at school because we don't have any classes together. So I hardly see you. But I really do enjoy being with you when we're together. Even though I don't say much on the phone I do like talking to you. I hope you enjoy your summer even though I do have to be here for most of the summer. I know I can't stress to you how much I will miss you. Greg I can't stress to you how much I will miss you. Greg I can't stress to you how much I will miss you. Greg

Greg,
Well Bone-Head, I'm been nice knowing you, have a "GREAT" senior year, your class is one of the best Habbithall has seen (besides c/o 86). Like have a RAD summer

See ya

What's up Greg?

As you know we just meet this year but I have to say I am glad I did.

Love always

Greg,
It's over, and I'm glad. It's been a stressful year. Not that we didn't have some good times, cause we did! We've also had some bad ones too, but we made it through "the rain" Next year is gonna be "AWESOME LIVE, because us "SENIORS" will Kick it live! See ya this summer.

Love,
Tascha
